

*(Carried)*  
Adopt Item as Amended

---

Date: **Monday, April 15, 2019**  
Item: **2019.HL5.1**  
Moved by: **Councillor Joe Cressy**

Vote Required: **Majority**

**That:**

**1. City Council:**

- a. Affirm its support for Toronto Public Health;**
- b. Request the Province of Ontario to maintain the health protection, and health promotion and prevention mandate of Toronto Public Health; and**
- c. Request the Province of Ontario to maintain the current 75 percent provincial, 25 percent municipal funding formula for Toronto Public Health, and public health programs in Ontario.**

**2. City Council request the Province of Ontario to stop the planned reduction of Ontario public health units from 35 to 10 and planned reduction of \$200 million from public health, and instead initiate consultations with municipalities and public health agencies on the public health system in Ontario.**

**3. The Board of Health:**

- a. Affirm its support for Toronto Public Health;**
- b. Request the Province of Ontario to maintain the health protection, and health promotion and prevention mandate of Toronto Public Health; and**
- c. Request the Province of Ontario to maintain the current 75 percent provincial, 25 percent municipal funding formula for Toronto Public Health, and public health programs in Ontario.**

**4. The Board of Health request the Province of Ontario to stop the planned reduction of Ontario public health units from 35 to 10 and**

**planned reduction of \$200 million from public health, and instead initiate consultations with municipalities and public health agencies on the public health system in Ontario.**

**5. The Board of Health direct the Medical Officer of Health and Toronto Public Health to work with the Association of Local Public Health Agencies to coordinate and support their efforts on responding to the Provincial cuts to public health in Ontario.**
