Site location

2638 Mackey Road

Owner

Matthew Craven

Applicant

Jeff Shipman

Description of site and surroundings

The site is located on the south west corner of Mackey Road and McCordick Road, and has frontage on both roads. It has a lot area of approximately 10 hectares and is zoned Agriculture, Subzone 3 (AG3). It is an agricultural lot surrounded by other agricultural uses.

Summary of requested Zoning By-law amendment proposal

It is proposed that a part of the site, being approximately 7 hectares, be rezoned to prohibit residential uses, as shown on Document 1 and as detailed in Document 2. The site is currently zoned Agriculture, Subzone 3 (AG3), which permits for a dwelling and agricultural uses. The proposed amendment to Agriculture, Subzone 8 (AG8) will prohibit residential uses and continue to allow for agriculture uses.

Brief history of proposal

The site is currently the subject of a proposed severance application. This severance application proposes that an approximate 3 hectare segment of land containing a detached dwelling and accessory buildings be severed from the site. The severance application which was approved by the Committee of Adjustment on January 18, 2017, is subject to a condition that the retained lands, being an approximate 7 hectare segment of the property, be rezoned to prohibit residential uses. This Zoning By-law

amendment application has been submitted in fulfillment of this condition. Once severed, the retained parcel, subject of this zoning amendment, will only have frontage on McCordick Road, for a distance of approximately 242 metres.

DISCUSSION

Public consultation

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No comments were received.

Official Plan designation

The property is designated in the Official Plan as Agricultural Resource Area. This designation protects the prime agricultural area from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3(8)]. Section 3.7.3(9b) requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (9c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3(9b)] as conditioned by the Committee of Adjustment. This application has been reviewed under the consolidated Official Plan (2003) with regard for the Council approved amendments contained within Official Plan Amendment 150 (OPA 150). Amendments introduced by OPA 150 do not impact the proposed Zoning By-law amendment.

Planning rationale

This Zoning By-law amendment will affect approximately 7 hectares of agricultural land, as shown in Document 1. This Zoning By-law amendment clears a condition imposed by the Committee of Adjustment. Staff had no concerns with the severance application and has determined that the proposed Zoning By-law amendment is consistent with the Official Plan.

Provincial Policy Statement

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

RURAL IMPLICATIONS

This Zoning By-law amendment restricts new residential development, the purpose of which is to protect the agricultural lands from fragmentation and competing uses. The effect of this Zoning By-law amendment is to maintain rural heritage and strengthen the rural landscape by supporting the continued productive use of agricultural lands.
