**Site location**

3117 Roger Stevens Drive

**Owner**

Woerlen Enterprises Ltd.

**Applicant**

Jeff Shipman

**Description of site and surroundings**

The site is an approximately 32 hectare parcel of land, currently used for agricultural purposes and is surrounded by other agricultural uses. The site contains an existing dwelling and accessory buildings which are proposed to be severed from the property.

**Summary of requested Zoning By-law amendment proposal**

It is proposed that a part of the site, 3117 Roger Stevens Drive, be rezoned to prohibit detached dwellings and other uses related to a detached dwelling, as shown on Document 1 and as detailed in Document 2. The site is currently dual zoned, Rural Countryside (RU) and Agriculture, Subzone 2 (AG2). Both zones permit for agricultural uses, detached dwellings, and related uses to a detached dwelling.

**Brief history of proposal**

The site is currently subject of a proposed severance application D08-01-16/B-00233, B-00234. It is proposed that a 4.85 hectare segment of land containing a detached dwelling and accessory buildings be severed from the site. The severance application

which was approved by the Committee of Adjustment on September 7, 2016, is subject to a condition that the retained lands, being a 27 hectare segment of the property, be rezoned to prohibit detached dwellings and uses related to a detached dwelling. This Zoning By-law amendment application has been submitted in fulfillment of this condition.

## **DISCUSSION**

### **Public consultation**

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No comments were received.

### **Official Plan designation**

The property is designated in the Official Plan as Agricultural Resource Area. This designation protects the prime agricultural area from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3(8)]. Section 3.7.3(9b) requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (9c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3(9b)] as conditioned by the Committee of Adjustment. This application has been reviewed under the consolidated Official Plan (2003) with regard for the Council approved amendments contained within Official Plan Amendment 150 (OPA 150). Amendments introduced by OPA 150 do not impact the proposed Zoning By-law amendment.

### **Planning rationale**

This Zoning By-law amendment will affect approximately 27 hectares of agricultural land, as shown in Document 1. This Zoning By-law amendment clears a condition imposed by the Committee of Adjustment. Staff had no concerns with the severance application and has determined that the proposed rezoning is consistent with the Official Plan.

### **Provincial Policy Statement**

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

### **RURAL IMPLICATIONS**

This Zoning By-law amendment restricts new residential development, the purpose of which is to protect the agricultural lands from fragmentation or competing uses. The effect of this rezoning is to maintain rural heritage and strengthen the rural landscape by supporting the continued productive use of agricultural lands.
