Site location

Part of 1430 Dunning Road

Owner

Mr. David Williams

Applicant

Parsons Inc. (Brandon Jarvis)

Description of site and surroundings

The site is located on the west side of Dunning Road and to the north of Wilhaven Drive. The lands subject to the Zoning By-law amendment application are vacant and partially treed.

Surrounding properties on the west side of Dunning Road and the south of Wilhaven Drive are predominantly larger residential lots which are heavily treed. A rural estate lot subdivision is located on the north side of Wilhaven Drive, approximately 300 metres from subject lands, and the boundary of the Cumberland Village is approximately 500 metres to the north. Lands to the east of Dunning Road are predominantly agricultural in nature.

Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment. The intent is to permit commercial uses on the severed lands.

Brief history of proposal

The land to which the proposed Zoning By-law amendment applies was the subject of a consent application for a lot line adjustment which proposed to enlarge the adjacent property to the south known municipally as 1490 Dunning Road. The severance request was granted by the Committee of Adjustment on June 30, 2017 with a condition that the owner rezone the severed parcel to permit commercial uses.

DISCUSSION

Public consultation

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No comments were received.

Official Plan designation

This application is being processed under the policies of Official Plan Amendment 150. The property is designated General Rural Area. The intent of this designation is to accommodate a variety of land uses that are appropriate for a rural location and to limit the amount of residential development such that development will not preclude or restrict continued agricultural and/or other rural non-residential uses. Permitted uses in the General Rural Area include, but are not limited to; agricultural uses, residential uses, and animal boarding, breeding and training facilities. The designation also contemplates the introduction of new industrial and commercial uses, including farm equipment and supply centres, and machine and truck repairs stops. Where new industrial or commercial uses are proposed, a Zoning By-law amendment is required.

Other applicable policies and guidelines

The Provincial Policy Statement (PPS), which came into effect on April 30, 2014, has specific policies with regard to Rural Lands in Municipalities. Section 1.1.5.6 encourages municipalities to support a diversified rural economy by protecting agricultural and other resource-related uses. Further, the PPS requires that planning authorities promote economic development and competitiveness by providing opportunities for a diversified economic base, including maintaining a range and choice of suitable sites for employment uses which support a wide range of economic activities and ancillary uses, and take into account the needs of existing and future businesses.

Planning rationale

This Zoning By-law amendment will affect 1.23 hectares of partially treed and vacant land which has 64.92 metres of frontage on Dunning Road and 86.41 metres of frontage on Wilhaven Drive. The parcel was severed through a consent application for a lot line adjustment, which proposed to increase the area associated with the adjacent property to the south, known municipally as 1490 Dunning Road. This Zoning By-law amendment proposes to rezone the severed lands from RR[515r]-h to RC3, in order to accommodate the expansion of the existing farm vehicle/equipment sales and repair facility.

This Zoning By-law amendment implements a condition imposed by the Committee of Adjustment.

Provincial Policy Statement

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

RURAL IMPLICATIONS

This Zoning By-law amendment allows for additional land to be utilized for commercial purposes in a manner that supports the City's agricultural community. The effect of this rezoning will be to accommodate the expansion of an existing rural commercial use, which supports a diverse rural economic base.
