14. SMART CITY 2.0 - OTTAWA'S SMART CITY STRATEGY

ACS2017-PIE-EDP-0042

CITY WIDE

---

**That the Finance and Economic Development Committee recommend that Council approve Smart City 2.0, Ottawa's Smart City Strategy, as attached in Document 1.**

Stephen Willis, General Manager of Planning, Infrastructure and Economic Development and Donna Gray, General Manager of Service Innovation and Performance provided a PowerPoint presentation, a copy of which is held on file with the City Clerk and Solicitor.

The Committee then heard from the following delegations:

- \*Matthew Darwin noted his concerns with respect to concrete deadlines and provided recommendations for the working group regarding collaborating with other municipalities and the open data.
- Martin Greatbanks noted that the private sector has a lot of experience and offered to assist with this strategy.
- \*Miranda Gray spoke to a PowerPoint presentation and observed that the report lacks a firm roadmap and the timing of the strategy. She recommended that the strategy be sent back to staff for further work.

[ \* Individuals / groups marked with an asterisk above either provided comments in writing or by e-mail; all submissions are held on file with the City Clerk. ]

Questions were related to connectivity across the City and investing in city staff. Councillors also suggested that staff work with the delegations and that staff provide the "What We Heard" document in Q1 2018.

After discussion, the Committee CARRIED the item as presented.
