

Update and Summary of 2014 Major Capital Partnership Projects

| Name of Organization | Project Site | Land | Ward | Project Title & Brief Summary | Status/Rationale |
|----------------------------------------------------------------|----------------------------------------------|-------------|-------------|---------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Miracle League of Ottawa | Notre-Dame-Des Champs Park | City | 2 | Accessible ball diamond, support building and play ground | Accessible ball diamond and support building were completed in August 2015. Playground to be complete in 2016. |
| Kars Community Recreation Association | Kars Community Recreation Building | City | 21 | Kitchen upgrade | In progress, completion October 2015. |
| Goulbourn Lawn Bowl Club | Goulbourn Lawn Bowl Club | City | 21 | Green expansion | In progress, completion November 2015. |
| Gloucester Hornets Soccer Club | Hornets Nest | City | 2 | Artificial turf field | Approved in principle upon receipt of confirmation of support by dome operator and availability of matching funds. |
| Constance and Buckham's Bay Community Association | Constance and Buckham's Bay Community Centre | City | 5 | Community centre expansion | In progress, completion September 2015. |
| Rockcliffe Park Fieldhouse and Ice Pad Sports Court Group Inc. | Rockcliffe Park | City | 13 | Refrigerated ice pad and fieldhouse | The community is in the process of fundraising and completing a business plan. Discussions have commenced to develop an operating agreement. |
| Ottawa South United Soccer Association | George Nelms Sports Park | City | 20 | Field house including washrooms, showers, meeting room and canteen. | Project is deferred as Ottawa South United Soccer Association's priority project is now to construct an artificial turf field at their own cost and using OSU funds originally intended for field house construction. The field house project timeline is to be determined. PRCS continues to work with OSU for complete development of this site. |

Status of Projects previously approved in principle
