

FINANCIAL STATEMENTS FOR IN-HOUSE SOLID
WASTE COLLECTION – EXTERNAL AUDIT RESULTS 2015

ACS2016-COS-ESD-0019

CITY WIDE

REPORT RECOMMENDATION:

That the Environment Committee recommend Council receive this report for information.

Councillors Cloutier, Brockington and Qaqish asked questions pertaining to revenues paid to the In-House Collection Group and involving zone coverage; costs of collection per zone; management fees; contract servicing costs; opportunities for consultation on contract renewals; the feasibility of returning to weekly pickup during summer months; and other finance-related questions.

Mr. Dixon Weir, General Manager, Environmental Services Department (ESD), City Operations Portfolio (CO), offered to follow up at a later date to better respond to the Councillors' questions, as there were no staff members present with the required financial background to provide proper responses. Councillor Brockington also asked for information on the value of saleable recyclables. Staff were directed to report back to Committee with this information.

There being no further discussion, the report recommendation was put before Committee and was 'CARRIED' as presented.
