

## Document 1 - School Zones and Posted Speed Limits

**Purpose:** The table below captures information on school zones and their respective posted speed limits within Ottawa. As indicated in the Policy for Posting a 30 km/h Speed Limit on an Existing Roadway Report, Document 1 - School Zones and Posted Speed Limits serves to address a commitment made by staff to Councillor McKenney at the November 2, 2016 Transportation Committee during consideration of the Safety Initiatives - Children's Walk to School Report.

The table produced below is based on existing schools which staff have been made aware of. Schools in newer developments may not yet have been entered in the database currently used by Traffic Services staff.

*\*Note: Unposted Speed Limit in Ontario is 50 km/h default.*
