KITCHISSIPPI (15)

REPORT RECOMMENDATIONS

That the Transportation Committee recommend that Council approve:

- 1. The installation of an all-way stop control at the intersection of Java Street at Clarendon Avenue;**
- 2. The installation of an all-way stop control at the intersection of Spencer Street at Ross Avenue; and,**
- 3. The implementation of a speed reduction from 50 km/h to 40 km/h along Gladstone Avenue between Parkdale Avenue and Preston Street.**

In response to questions from Councillor Deans, Councillor Leiper spoke to the rationale for his recommended all-way stops and speed reduction in this area.
