### **Description of site and surroundings**

The property is located on the west side of Dunrobin Road, approximately 620 metres south of the intersection of Vances Side Road and Dunrobin Road. The lands to be rezoned contain about 29.5 hectares, with 109 metres of frontage along Dunrobin Road.

### **Summary of requested Zoning By-law amendment proposal**

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment. The intent is to prohibit residential uses on the retained lands.

### **Brief history of proposal**

The land to which the proposed Zoning By-law amendment applies was the subject of an application for a surplus farm dwelling severance. The severance request was

granted by the Committee of Adjustment on June 30, 2017 with a condition that the owner rezone the remnant farmland in order to prohibit residential development.

## **DISCUSSION**

### **Public consultation**

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No comments received.

### **Official Plan designation**

This application is being processed under the policies of Official Plan Amendment 150. The property is designated Agricultural Resource Area. This designation protects the prime agricultural area from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3(8)]. Section 3.7.3(9b) requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (9c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3(9b)] as conditioned by the Committee of Adjustment.

### **Other applicable policies and guidelines**

The Provincial Policy Statement (PPS), which came into effect on April 30, 2014, has specific policies with regard to the management of Ontario's agricultural resources. Section 2.3.4.1(c) restricts lot creation in agricultural resource areas to residences that are deemed surplus to a farming operation as a result of farm consolidation. The PPS policies related to severances on agricultural lands provide the basis for the City's related Official Plan and Zoning By-law severance policies; as such this application is in line with the PPS, Official Plan and the Zoning By-law.

### **Planning rationale**

This Zoning By-law amendment will affect 29.5 hectares of retained agricultural land with 109 metres of frontage on Dunrobin Road. The parcel will meet the minimum lot

area requirements of the AG6 zone, which is 18 hectares, and the minimum lot width requirement of 60 metres. This Zoning By-law amendment proposes to rezone the remnant agricultural lands from AG1 to AG6, in order to prohibit future residential development.

This Zoning By-law amendment implements a condition imposed by the Committee of Adjustment. No new development is proposed.

### **Provincial Policy Statement**

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

### **RURAL IMPLICATIONS**

This Zoning By-law amendment restricts new residential development, thus protecting the agricultural land from fragmentation or competing uses. The effect of this rezoning will be to maintain the rural heritage, and strengthen the rural landscape by supporting the continued productive use of agricultural lands.
