PROPOSED 2015-2018 TERM OF COUNCIL PRIORITIES

ACS2013-CMR-OCM-0005

CITY WIDE

*Referred from the Finance and Economic Development Committee meeting of
2 June 2015.*

*Agriculture and Rural Affairs Committee Recommendations will be presented
to City Council on 8 July 2015 in Finance and Economic Development
Committee Report 5B*

REPORT RECOMMENDATION

**That the Agriculture and Rural Affairs Committee recommend Council
approve Appendix A, Section 3.**

Chair Moffatt summarized quickly the process for the Term of Council Priorities and that a PowerPoint presentation was given at the Finance and Economic Development Committee when it was tabled. He stated that the section for ARAC is relatively small but that much more affects the rural residents through the various other Standing Committees such as roads (Transportation), community centres, fire services, parks (Community and Protective Services), etc...

The Committee members had various questions such as:

- It appears that less is being spent on roads and the rural area has a large network. Where is the sections not covered? Staff: The Transportation Master Plan
- Storm management and culverts which at some point had already been paid for under various municipalities and paid for by those residents. How is it covered now? Staff: This will all form part of treasurer's rate review.

The Committee members would like to see an information report on what is covered under the various other Standing Committees that affect the rural residents.

The report recommendation was then put to Committee and CARRIED.

DIRECTION TO STAFF:

That staff report back to Committee after the passing of Term of Council Priorities to inform the Committee members and the public of Priorities carried by other Standing Committees that affect the rural areas and residents of Ottawa.
