**Confidential until tabled**

Councillor Eli El-Chantiry  
Chair, Ottawa Police Services Board  
110 Laurier Avenue West  
Ottawa, ON K2P 2L7

Dear Chair El-Chantiry:

I am pleased to present the Ottawa Police Service (OPS) 2018 Draft Operating and Capital Budgets.

The budget proposal found in these documents is in keeping with the Board's direction that the municipal portion of the property tax bill not increase by more than 2% for 2018, assuming assessment base growth of 1.3%. The document also outlines a three-year operating and ten-year capital forecast for the OPS.

The 2018 Draft Operating Budget reflects the Board's strategic priorities identified in the 2016-2018 Business Plan of:

- Members
- Community
- Service.

It also reflects the three operational priorities I set at the beginning of my term as Chief that represent areas of concern for the OPS, namely guns and gangs, violence against women, and traffic safety.

One of the priority funding areas for this budget has been the addition of 25 more officers in 2018. This investment is required to address growing demands on our services as a result of shifting crime trends and increasingly complex investigations, which have created workload pressures and associated risks.

The 2018 Draft Operating Budget is focused on addressing areas that have caused and that we anticipate will cause the OPS significant levels of financial risk in the upcoming fiscal year. These items include: overtime (\$2 million increase), WSIB/LTDI (\$1.5 million increase) and liability claims (\$0.5 million increase).

The three financial risks mentioned above were funded through a reduction of \$3.9 million to the pay as you go contribution to the facilities strategic reserve fund. This reduction had no impact on the timing of the projects approved in the current facilities strategic plan. It was achieved by converting two projects to debt funding and taking a risk on lower ending balances in the reserve fund.

The gross operating budget totals \$330 million under the draft 2018 proposal. With the deduction of non-taxation revenue and recoveries, the net operating budget for the Police Service is \$294.4 million. This level represents an increase of \$8.5 million over 2017. With the assessment growth assumption of 1.3%, the resulting net increase to the police taxation revenues is 2%. In dollar terms, this equates to an \$12.00 increase, approximately, on the tax bill for the average urban resident.

The 2018 draft capital budget is tabled at \$65.7 million. Including 2018, the ten year capital forecast is \$285.6 million.

Public delegations are welcome at the November 20, 2017 Finance and Audit Committee meeting and at the November 27, 2017 meeting of the Board when they consider the 2018 Police Budget for approval.

A complete copy of the Ottawa Police Service 2018 Draft Operating and Capital Budgets is available for viewing or downloading at [ottawapolice.ca](http://ottawapolice.ca). As well it can be requested through [info@ottawapolice.ca](mailto:info@ottawapolice.ca).

**Confidentiel jusqu'à la présentation**

Conseiller Eli El-Chantiry  
Président, Commission de services policiers d'Ottawa  
110, avenue Laurier Ouest  
Ottawa (Ontario) K2P 2L7

Monsieur le président,

Je suis heureux de présenter le Projet de budget de fonctionnement et d'immobilisations pour 2018 du Service de police d'Ottawa (SPO).

Le budget proposé dans ces documents cadre avec l'orientation donnée par la Commission, à savoir que la part de la municipalité de la facture de taxes foncières ne doit pas augmenter de plus de 2 % en 2018, en présumant une croissance de l'évaluation foncière de 1,3 %. Dans le document du budget figurent aussi des prévisions triennales des dépenses de fonctionnement et décennales des dépenses d'immobilisations du SPO.

Le projet de budget de fonctionnement de 2018 tient aussi compte des priorités stratégiques de la Commission énoncées dans le Plan d'activités de 2016-2018 à la lumière des commentaires :

- des membres;
- de la collectivité;
- du service.

Il reflète aussi les trois priorités opérationnelles que j'ai établies dès ma nomination en tant que chef et qui sont des sources de préoccupation pour le SPO, à savoir les armes à feu et les bandes de rues, la violence contre les femmes, et la sécurité routière.

L'une des priorités de financement dans ce budget est l'ajout de 25 autres agents en 2018. Cet investissement s'impose pour composer avec la demande croissante pour

nos services découlant de l'évolution des tendances en matière de criminalité et de la complexité sans cesse croissante des enquêtes, facteurs d'alourdissement de la charge de travail et de multiplication des risques.

Le projet de budget de fonctionnement de 2018 vise à se pencher sur les domaines qui ont causé par le passé et qui causeront au cours de l'exercice à venir, selon nos prévisions, un degré élevé de risque financier pour les SPO. Ces postes sont notamment les suivants : les heures supplémentaires (augmentation de 2 millions de dollars), CSPAAT/AILD (augmentation de 1,5 million de dollars) et les réclamations pour responsabilité (augmentation de 0,5 million de dollars).

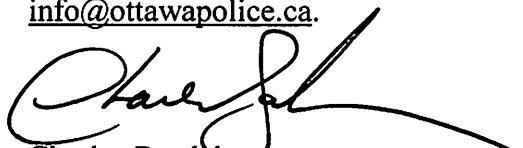

Les trois risques financiers susmentionnés ont été financés au moyen d'une réduction de 3,9 millions de dollars de la cotisation de répartition au Fonds de réserve pour la planification stratégique des installations. Cette réduction n'a eu aucune incidence sur l'échéancier des projets approuvés dans le plan stratégique actuel des installations. Elle a été obtenue par la conversion de deux projets en consolidation de dette et par la prise de risques concernant les soldes de clôture inférieurs dans le fonds de réserve.

Le budget de fonctionnement brut proposé pour 2018 s'élève à 330 millions de dollars. En soustrayant les recouvrements et les recettes non fiscales, le budget de fonctionnement net du service de police atteint 294,4 millions de dollars. C'est 8,5 millions de plus qu'en 2017. Compte tenu de la croissance prévue de 1,3 % de l'évaluation foncière, il en résulte une augmentation nette de 2 % des recettes fiscales du SPO. Exprimée en dollars, il s'agit d'une hausse d'environ 12,00 \$ de la facture de taxes foncières de la résidence urbaine moyenne.

Le budget d'immobilisations proposé pour 2018 est de l'ordre de 65,7 millions de dollars. Les prévisions décennales en matière d'immobilisations totalisent, 2018 compris, 285,6 millions de dollars.

Les délégations publiques seront les bienvenues à la réunion du Comité des finances et de la vérification du 20 novembre et à la réunion de la Commission du 27 novembre lorsqu'elle examinera le budget de 2018 du service de police en vue de l'approuver.

La version intégrale du Projet de budget de fonctionnement et d'immobilisations pour 2018 du Service de police d'Ottawa peut être consultée ou téléchargée à [ottawapolice.ca](http://ottawapolice.ca). Elle peut aussi être obtenue en présentant une demande à [info@ottawapolice.ca](mailto:info@ottawapolice.ca).

## OTTAWA POLICE SERVICE SERVICE DE POLICE D'OTTAWA

*The Trusted Leader in Policing*  
*Le chef de file de confiance dans la police*

## REPORT RAPPORT

**DATE:** November 8 2017

**TO:** Chair and Members of the Ottawa Police Services Board

**FROM:** Chief of Police, Ottawa Police Service

**SUBJECT: 2018 DRAFT OPERATING AND CAPITAL BUDGETS**

### **RECOMMENDATIONS**

**That the Ottawa Police Services Board receive and table the Ottawa Police Service 2018 Draft Operating and Capital Budgets, to be considered at the Board meeting on November 27, 2017.**

### **BACKGROUND**

At its meeting on September 25, 2017, the Board directed staff to prepare the 2018 Draft Operating and Capital Budgets based on a 2.0% tax increase and 1.3% growth in the assessment base. This budget is in line with the Board's direction and represents a 2.0% Police Tax Rate increase.

### **DISCUSSION**

The Ottawa Police Service (OPS) provides policing services to the residents, businesses and visitors to the City of Ottawa as outlined in the Ontario Police Services Act. The demands for these services are driven by the needs and expectations of our community.

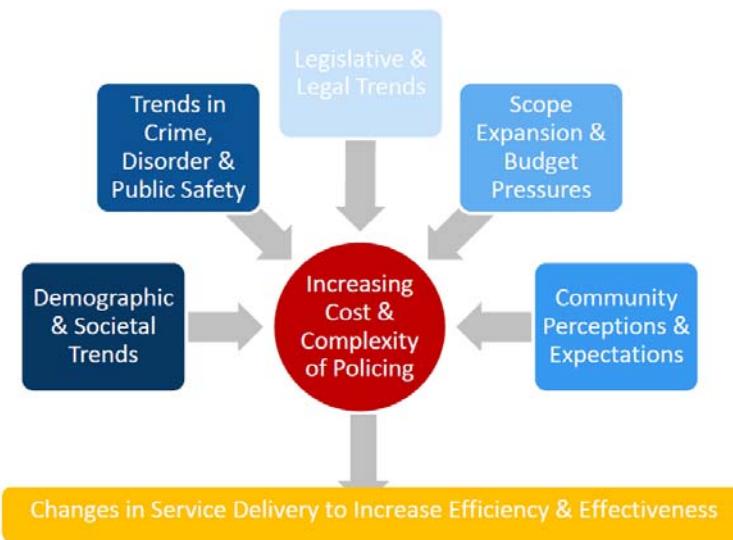

To ensure funding is in place to meet community service demands, Section 39 of the Police Services Act requires the Board to approve annual budget requirement allocations to generate the funding to maintain the Police Service and provide it with equipment and facilities. In conjunction with the OPS Business Plan and other strategic planning documents, the budget enables the Board to set its service priorities and provide direction to the Chief, the Executive Command and management. It supports service levels, provides the authority to proceed with key operational projects, and confirms the necessary funding to carry out the 2018 operational plans.

In 2006, City Council implemented a policy to fund the operations of the OPS through a separate municipal police tax rate that is distinct from citywide operations. This funding model provides transparency to the public about the cost of police services, and

provides the OPS with the direct benefit of a proportional share of City assessment growth revenue.

### Policing Context

Policing across Canada continues to evolve into a highly sophisticated, resource intensive and extremely complex profession in a dynamic environment. Various trends and changes have contributed to this environment including growing communities, aging populations, changing demographics, and increases in demands for service. Police services are also being faced with changes in crime types and legislative and regulatory requirements that police services must comply with when investigating these crimes, in addition to an increase in interactions with individuals with mental health issues, pending legalization of cannabis, the opioid crisis and the ever-present threat of terrorism.

Ottawa also faces unique challenges beyond those being experienced by police services across the country – specifically its geography and its role as the nation's capital.

The City of Ottawa covers 2,796 square kilometres and spans 83 kilometres from east to west. This area is greater than Toronto, Montreal, Calgary, Edmonton and Vancouver combined. Furthermore, the area is more than 80 percent rural, with more farmland than any other city in Canada. This geographic diversity creates the need for service delivery models that are tailored to urban, suburban and rural needs, which are also supported by specialized equipment often resulting in increased vehicle costs.

As the nation's capital, the Ottawa Police Service (OPS) is responsible for public safety and security at sites of national significance as well as many events, including parades, marches, strikes, demonstrations and special events. Up to the end of October 2017, the OPS was present at 903 public order events. These events require varying levels of operational planning, supported by coordinated intelligence gathering, threat assessments, and public safety strategies.

In 2016, the volume of Criminal Code offences reported to the OPS rose for the first time in 8 years. The nature of the crime is changing as well as witnessed by a 10.5% increase in the Crime Severity Index, reflecting an increase in violent crimes. The organization continues to face an increasingly complex investigative and legislative environment, as well as growing service demands and rising levels of planned and unplanned events. It can be very challenging to balance a continuously dynamic environment characterized by all of these needs within a defined budget envelope. Stable financing facilitates the effective management of police operations and service

needs associated with a growing and diverse population, and more importantly, helps to ensure community safety.

### Canadian and Provincial Police Staffing Comparisons

A range of factors are taken into account when reviewing the number of members in the OPS complement. One standard measure of comparison used across Canada is “population per police member.”

While the determination of appropriate staffing levels for a police service cannot be based solely on population, it does allow for a relative comparison with police services operating in similar environments. The most recent data published by Statistics Canada shows that Ottawa Police staffing levels fall within the low end of the range of the twelve larger urban centres in Canada. Table 1 presents data for the comparable police services, along with Gatineau and shows that there are 521 residents for every Ottawa police member (sworn and civilian).

**Table 1 - Population per Police Member**

		Actual Strength 2016			
Service	2015	Police Officers	Other Personnel	Total Police Members	Population per Police Member
	Stats Can Population				
Toronto	2,826,498	5366	2685	8051	351
Montreal	1,999,795	4583	1074	5657	354
Winnipeg	718,357	1416	548	1964	366
Edmonton	950,421	1739	777	2516	378
Vancouver	658,198	1292	403	1695	388
Calgary	1,293,023	2172	714	2886	448
Peel	1,373,033	1967	875	2842	483
Gatineau	278,780	395	179	574	486
York	1,139,738	1598	629	2227	512
Ottawa	956,710	1239	598	1837	521
Durham	661,190	861	373	1234	536
Halton	559,213	690	289	979	571
Quebec City	578,749	771	173	944	613

Source: CANSIM Table 254-0004 Police personnel and selected crime statistics, municipal police services  
Statistics Canada

Population growth in Ottawa combined with the relatively static size of the police service has caused the number of residents supported by a police member to grow. Between 2011 and 2016 this number has grown from 479 to 521. Table 2 sets out the data underlying this trend.

**Table 2 – Trend in Population per Member: 2011-2016**

Year	Stats Can Population (1)	Police Officers	Other Personnel	Total Police Members	Population per Police Member
2011	899,016	1273	605	1878	479
2012	912,248	1312	563	1875	487
2013	924,224	1311	549	1860	497
2014	935,807	1301	551	1852	505
2015	947,031	1272	590	1862	509
2016	956,710	1239	598	1837	521

(1) Respondent populations for the current year are not yet available when the Statistics Canada Police Administration Survey data are released. Therefore, populations in Table 2 represent data for the prior year.

Source: CANSIM table 254-0004 Police personnel and selected crime statistics, municipal police services  
Statistic Canada

The impact of the 25 sworn growth positions will be seen when 2017 reporting is available. Based on a simple extrapolation of population data and all else being held constant, it is expected that the 25 growth positions will stabilize the population per police member metric.

Police staff per 100,000 population is another highly quoted statistic. At 193, the Ottawa Police Service is below the provincial median of 220.

In addition to statistical measures, staffing requirements must also take into account the operational readiness of the police service to deal with crime and disorder issues facing Ottawa and other large Canadian cities. This includes ensuring the OPS has the necessary resources to deal with emerging and increasingly complex crime issues such as guns and gangs, cyber and internet-based crime, multi-jurisdictional investigations, and terrorism, as well as the necessary patrol resources in place to serve, and ensure the safety of the community.

Other factors influencing the magnitude of police resources needed to meet demand for service are new legislative and regulatory requirements, including new requirements to obtain warrants and guidelines around intelligence gathering tools such as regulated interactions, the costs and skills needed to support new investigative technologies, equipment, and the profile of the police member required to perform these functions.

### Staffing Plan – 2016-2018

The staffing plan in this budget is meant to help address current staffing pressures and the associated risks that have been created by this evolving policing environment. The plan began in 2016 with the addition of 25 officers and called for the addition of 25 officers in each of 2017 and 2018. As well, a further 25 sworn officer positions were to be found through Service Initiative (SI) transformation projects and redeployed to new roles, bringing the plan to a total of 100 positions over 3 years. The 2016-2018 staffing plan can be seen in Table 3.

**Table 3 – Staffing Plan 2016-2018**

<b>Positions</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>Total</b>
New Sworn	25	25	25	75
Redeployed Sworn		25		25
Total	25	50	25	100

The 75 new sworn positions begin to address staffing shortages and assist in meeting operational needs on Frontline and Investigative directorates. The positions have been allocated as follows in table 4:

**Table 4 – Sworn Growth Position Allocation 2016-2018**

<b>New Sworn Positions</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>Total</b>
Staff Sergeant Youth	1			1
DART	2			2
Wellness	2			2
Operational Development Positions	20	25	3	48
Operational Roles as part of the Accommodation Strategy			22	22
Total	25	25	25	75

The 2016-2018 staffing plan called for 25 sworn positions to be found and redeployed to priority areas. Currently, a total of 25 positions have been reallocated to the following areas: OPSOC, Human Trafficking, Sexual Assault and Child Abuse and Partner Assault. A full schedule of the redeployed sworn positions is included in Annex A-9.0. The redeployment of these 25 positions achieves the staffing plan target and brings the total staffing plan to 100 positions over the 2016-2018 period. Broader efficiencies and staffing movements have occurred through the Service Initiative Program and will be reported on separately.

#### Staffing Plan – 2019-2021

The 2019-2021 staffing plan forecasts the hiring of 90 new officers between 2019 to 2021 (30 per year). This plan represents an annual increase of approximately 1.5%, which allows the OPS to stabilize its position on the population to police member benchmark. The 2019-2021 staffing plan can be seen in Table 5.

The officers will be deployed to meet operational needs in frontline and investigative areas focused on violence against women, guns and gangs and associated street level front line patrol and community policing. The additional officers will also assist the Service in continuing to deal with staffing shortages due to accommodations.

The increase in staffing will also address other continuing and emerging issues like traffic, increase in mental health calls, legalization of cannabis and the opioid crisis.

**Table 5 – Staffing Plan 2019-2021**

<b>Positions</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>	<b>Total</b>
New Sworn	30	30	30	90

Traffic Safety

Traffic safety is a priority for Ottawa residents and it is a priority for the Ottawa Police Service. Traffic enforcement is the responsibility of all frontline officers as well as our dedicated traffic unit.

We use traffic data and public complaints to direct these resources to address city-wide and local neighbourhood issues. More work is being done to free up more officer time to address traffic issues but these resources must be balanced with other pressing policing and safety needs for Ottawa.

Officer focused traffic enforcement is only one part of the strategy to keep Ottawa's roads safe. We work with our City partners to address traffic safety issues through engagement, road design and education. Through Safer Roads Ottawa, a partnership that is currently being led through OPS, we have brought in new technologies to assist officers like Automatic License Plate Recognition (ALPR) and the school bus camera project to support traffic safety around school buses. We continue to encourage the expansion and the use of technologies like red light traffic cameras and automated speed enforcement.

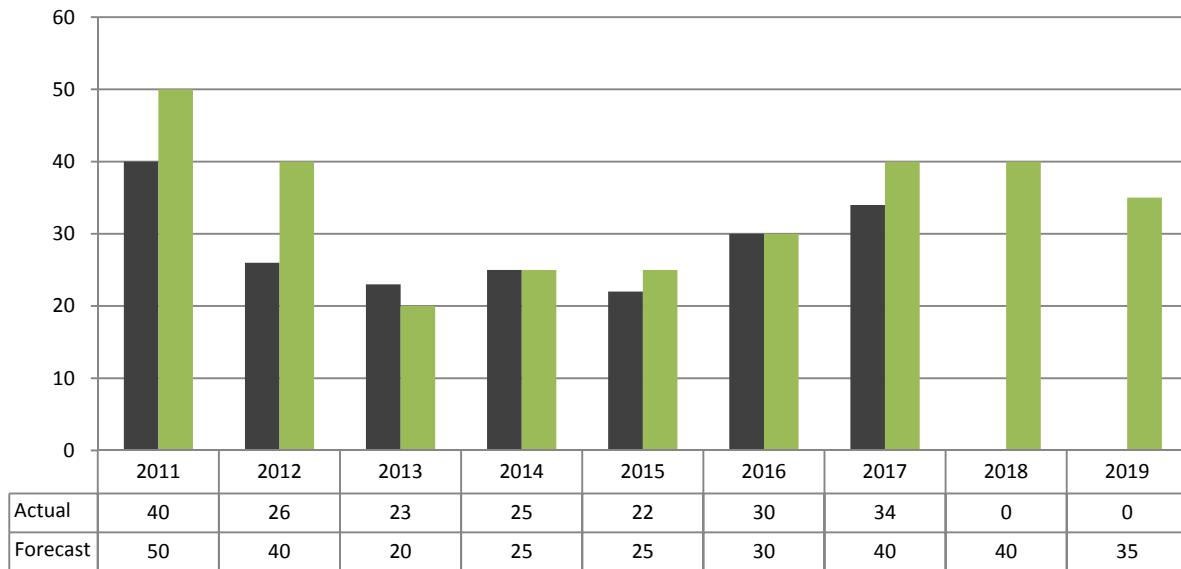

Retirement Costs

The average cost per retiree has been declining in past years allowing us to reduce the budget for retirement costs in 2016 by \$0.5 million, however in 2017 and 2018 the number of people retiring has increased due to the demographics and past hiring. This will not allow us to reduce retirement costs any further in the next few years as retirements continue at a higher than average level. In 2017 the \$2.6 million budget was planned around 40 retirees. Based on current information, retirement levels are expected to stay at this level of 40 retirees per year in 2018 and then decrease slightly to 35 retirements per year in 2019, as shown In Table 6.

No further budget adjustments are planned for 2018-2019, given that the \$2.6 million annual provision is expected to cover the peak of retirement costs during this period. The corresponding payout per retiree has been decreasing so that over this forecast period it is not expected that those retirements will create any additional financial pressure.

The OPS has put in place a strong forecasting and recruitment process and succession planning to deal with the challenges retirements place on policing operations.

**Table 6**  
**Sworn Retirements 2011-2019**  
**(Forecast vs. Actual)**

### Strategic and Operational Priorities for 2018

The strategic and operational priorities for 2018 are key inputs to the budget development process. The OPS is committed to safeguarding the safety and security of the community it serves through the continuation of successful enforcement activities, proactive crime prevention, education, and partnerships. This is largely done by ensuring the efficient deployment of frontline policing resources.

The Chief has set three operational priorities to target areas of concern to the OPS. These are the broad issues of: 1) guns and gangs; 2) violence against women; and 3) traffic safety. Key senior leaders in the organization are championing these initiatives and through co-ordinated planning ensure they receive increased operational focus to address community needs and high public concern.

Along with these three operational priorities, there is an overall approach to operations that “everyone matters”. This approach applies to internal membership and the service to the overall community. Following consultations with a broad audience, including the Board members and the community, three strategic priorities form the basis of the 2016-2018 Business Plan:

**Members:** *Engaging and investing in all our people*

**Community:** *Working with our communities on our shared responsibility for safety*

**Service:** *Delivering service excellence through operations*

Directorates are expected to consider these priorities when managing their budgets and activities.

In support of the strategic priorities set out in the OPS 2016-2018 Business Plan, the organization will be focused on the following key priorities to ensure service delivery in 2018:

- Service Initiative (SI) Stabilization and Wind Down
- Multi-Year Action Plan on Bias Neutral Policing (MYAP)
- Wellness Program
- Gender Program
- Modernization Roadmap
- Facilities Strategic Plan

#### Service Initiative Stabilization and Wind Down

The Service Initiative (SI) Program has been fundamental in providing a structured environment to assist the OPS in achieving budget expectations and in ensuring our policing model is effective, efficient, adaptable and sustainable.

The SI launched several new service delivery models in 2017 and is in the process of stabilization and hand off to operations the following:

- Demand Management
- New Investigative Model
- Front Line Deployment Model
- Ottawa Police Strategic Operations Center (OPSOC)

With the wind down of the SI program, the budget base of \$1.2M has been removed from the budget. Program close out and hand off activities will continue through Q1 of 2018 and funding of \$0.4M has been allocated to these close out activities.

#### Multi-Year Action Plan on Bias Neutral Policing (MYAP)

MYAP will focus on meaningful culture change within the OPS through coordinated and measured action. The objectives of MYAP are as follows:

- Strengthen our ongoing work related to bias-neutral policing efforts,
- Promote trust in policing by addressing concerns related to racial profiling, racism, human rights, diversity, bias, and discrimination,
- Foster a culture that actively promotes equity, diversity, and inclusion.

## Wellness Program

The purpose of the OPS Wellness Program is to set out a clear, consistent and achievable strategy to create a system of health and wellness through cultural change, education, recognition, resiliency, and support from pre-hire to post-retire. The OPS aims to have a well-rounded, highly capable membership that has opportunities for growth, while balancing the needs of the organization with those of individual members.

The following goals will help deliver real change to support achieving the vision:

- Develop an environment that is strategically led and supported with dedicated resources, improved policies and programs.
- Foster a culture with increased trust, reduced stigma, and improved practices around wellness.
- Support individuals in their wellness journey to be more aware, engaged and motivated.

The major activities included in the 2018 Budget in support of the Wellness program are:

- Development and implementation of the OPS Peer Support and Resiliency Program
- Continued member training on the Road to Mental Readiness (R2MR)
- Continuation of the Real You Program

## Gender Program

The Ottawa Police Service values the contributions of women to policing and to this Service. The female members of the OPS are integral to our operations and the service we provide to this community. In terms of gender and diversity we continue to work to make our ranks as reflective as possible of the community through our recruitment efforts.

Gender equality refers to equality of opportunity in employment, association and collective bargaining, obtaining meaningful career development, fairness in work-home life balance, equal participation in decision making, equal remuneration for work of equal value, and equal access to safe and healthy working environments, for men and women. It is not a woman's issue, but a human rights issue, and it should fully concern and engage both men and women.

Simply recruiting more women into policing agencies is not sufficient. More work needs to be done to ensure that our female sworn and civilian members are supported, have equal opportunities to excel and to achieve their career goals. The success of the OPS and other policing agencies in increasing the recruitment of women as set in the absence of policies and practices to support, transfer and promote them, amounts to systemic inequalities. What is needed now is a concerted, coordinated approach to addressing the issue of gender equality at OPS and across the profession.

As part of the settlement reached through the Ontario Human Rights Commission, the OPS agreed to undertake a series of actions to address problems related to gender equality within the organization:

Phase 1: Analyze the OPS 2012 Workforce Census to determine representation by gender and/or family status.

Phase 2: Conduct a Gender Audit

Phase 3: Develop new and/or amended policies or procedures that relate to job placement and promotions, including a draft human rights accommodation policy.

Phase 4: Implement and train Members related to Phase 3 results.

The work plan related to the Minutes of Settlement has recently been completed. In 2018 the Gender Project will be transitioning to an on-going program of OPS. A 2018 workplan was presented to the OHRC including:

1. The establishment of an Equity, Diversity and Inclusion (EDI) Office,
2. Implementation of the education and awareness strategy,
3. Ongoing evaluation of the new policies and programs,
4. Analysis of the 2017 OPS Workforce Census,
5. Working with other aligned initiatives such as MYAP and the Wellness Initiative.

### IT Modernization Roadmap

Information technology (IT) is an essential tool for policing. Properly applied, these tools will help the Ottawa Police Service (OPS) meet the goals set out in its Business Plan and support organization-wide transformation work in an efficient and cost effective manner.

Enhancing officer safety, reducing the administrative burden on front line personnel – both sworn and civilian - and providing increasingly improved service to the public are also benefits to be achieved.

Information management (IM) is also critical to the success of OPS. Policing now relies upon complex, often decentralized and rapidly increasing amounts of data, both for its operational and business functions. Effective police organizations must manage the timely input, reconciliation and flow of that data to perform critical analysis and even predict the likelihood of certain occurrences. Analytics are becoming the lifeblood of modern policing and are the expected way to deliver timely and accurate information to members and meet community service needs.

In April 2016 the Board adopted both the Modernization Roadmap for OPS and an approach for its implementation. The Roadmap sets out a vigorous and much needed 6 year modernization plan for the OPS IM/IT environment to ensure OPS has the infrastructure needed to meet current and future policing challenges, as well as to support the transformation of the organization.

The Modernization Roadmap is being implemented in bundles with Bundle 1's commencement in July 2017. Bundle 1 involves projects estimated at \$14.7 million over an 18 month period and is separated into five categories: IT Foundation, Human Resources, Collaboration, Optimization and Police Operations Innovation. Further details of these categories can be found in the June 2017 Board Report.

## Facilities Strategic Plan

In the 2018 capital budget, additional funding of \$44.7M is being requested to complete Phase 1 of the South Facility. The need for a new South Facility was identified as part of the original 2013 Facility Strategic Plan. In 2017, the FSP (2017-2033) was updated and a campus plan approach was approved for the City owned property at 55 Lodge Road. Phase 1 of campus development will include a 120,000 sq ft facility which will house Frontline Operations & Specialty Support Services. In addition, the project includes the construction of a 35,000 sq ft second floor shell space which will be fit up as part of the South Campus in Phase 2 for Corporate Services.

The total project cost for the design, construction, and fit-up costs (not including property costs) is estimated at \$75.015M. Funding of \$30.3M was provided in previous budget years (2007, 2010 & 2011). Significant planning, requirements and design activity will be occurring through 2018 with construction expected to begin in 2019.

## Summary of Other Initiatives for 2018

A number of other initiatives will be taking place in 2018 that will be supported by the budget. They are described in more detail later in the report.

They include:

- Conducted Energy Weapon (CEW) replacement and expansion (PSB approval required)
- Training and equipment cost related to new policing responsibilities resulting from the legalization of cannabis
- Development of a diversity based recruiting strategy
- Implementation of the Interoperable Mobile Communication Managed System

In order to proceed with these initiatives, within the allotted budget envelope, a budget re-allocation exercise occurred. The solutions developed during the budget are identified in Table 7a.

The OPS seeks opportunities for continuous improvement that not only improve service to the public, but also help ensure the Service is operating as efficiently as possible. Current policing pressures combined with budget constraints are creating increasing challenges with respect to service delivery. The OPS recognizes the importance of leveraging existing resources as much as possible to alleviate some of these inevitable pressures. The information that follows in the report provides a more detailed breakdown of OPS efforts to maximize resources and funds in the 2018 budget.

## 2018 Budget Development Process

Staff Preparation - OPS began the 2018 budget process in June 2017 when a briefing session with the Senior Leadership Team (SLT) was held to review the financial and operational challenges facing OPS in 2017 and the impact this would have for the 2018 budget. Budget preparation material was then circulated to all OPS staff in July. Lastly,

representatives from the Finance Section met with their contacts throughout the summer months to support the preparation of the preliminary budget estimates.

Engaging senior management stakeholders in the development of the budget has remained the focus of the approach again this year, with the goal of gaining a broader understanding of and contributions to OPS budget pressures and solutions. Meetings were held with the Executive and the SLT in June, July, August, September and October.

Staff also worked with the City Treasurer to confirm estimates for assessment base growth and other corporate level revenue and expenditure categories. Assessment base growth remained at the forecasted amount of 1.3% for 2018.

FAC Input - A key aspect of the OPS budget development process is consultation with the Board's Finance and Audit Committee (FAC). Staff met with FAC on September 11, 2017 and will again on November 20, 2017 to discuss the direction and timing for the 2018 budget approval process and the pressures faced. Proposals were presented to achieve a 2% budget increase, including a 1.3% increase in the assessment base. This resulted in a target which yields an \$8.5 million increase in the OPS budget for 2018.

Achieving the target 2% budget increase was challenging. The first draft, based on pressures arising out of 2017 and strategic priorities for 2018, resulted in a submission that was \$10.8M over the 2% target. Staff implemented several strategies to bring the submission back to 2% as shown in Table 7a: requests for new funding were reduced or eliminated; existing funding bases were reduced and existing capital funding was used to support one-time requests when appropriate.

**Table 7a**  
**Summary of 2018 Budget Solutions**

	\$M
1. Eliminated new requests	2.2
2. Reduced PAYG increase for Modernization Roadmap	1.1
3. Reduced Facility Strategic Plan PAYG contribution	3.9
4. Reallocated existing budget base	1.5
5. Reduced budget base for Service Initiative	1.2
6. Repurposed capital funding	0.9
<b>Total</b>	<b>10.8</b>

This approach provided room for \$2.5 M of funding for 2018 initiatives, as identified in Table 7b. The \$1.5 M re-allocation of budget base combined with \$0.9 M of re-directed capital funding have created the opportunity for these initiatives to proceed. Reviews were held with the Senior Leadership Team on October 3, 2017 and October 17, 2017 to finalize this approach.

**Table 7b**  
**Selected 2018 Budget Initiatives - \$2.5M**

	\$000
1. Conducted Energy Weapons (CEW's) Expansion Program	640
2. Cannabis Legalization Training and Equipment Costs	500
3. Multi Year Action Plan for Bias Neutral Policing(MYAP)	500
4. Service Initiative Completion	400
5. Plane Engine Replacement	100
6. Recruiting	100
7. Gender Program	100
8. Continuous Improvement Program	80
9. Online Background Check Operational Readiness Support	50
<b>Total</b>	<b>2,470</b>

The repurposing of the old capital funding is being done in the 2017 third quarter report and will result in the creation of a new capital project for this purpose. The remaining funds from three separate capital projects (Portable Radio Replacement, Business Transformation & Business Solutions 2013) will be closed and transferred to create this new capital project.

#### Council Direction

On June 14th, 2017, the Proposed 2018 Budget Timeline and Consultation report was received by City Council. Detailed in that report was the direction from the Revised 2017-2018 Budget Directions and Strategy report (ACS2016-CSD-FIN- 0006) which amended the guideline for the last two years of the Council term as a result of changes in the assessment base. As part of that report, Council adopted the following guideline:

- a. That the City Wide levy, which includes funding for the Police, Library and Public Health, be increased by 2.00% for 2017 and 2018.
- b. That, as part of the annual budget process for 2017 and 2018, the budget allocation for the Police, Library and Public Health Boards be based on their individual pro-rated share of a 2.00% tax increase, on the understanding that the estimated 1.3% increase in taxes resulting from growth in assessment will be maintained, and that Council request that these Boards develop their draft budgets with this annual allocation.

On 25 September 2017 the Board adopted Council's direction. The draft budget proposal presented in this report complies with that direction.

## 2017 Financial Status

The quarterly Financial Status Reports are key information used in preparing the 2018 Draft Budget. The Second Quarter Report concludes that OPS is facing several large pressures and is projecting a deficit position at year end. It points to existing pressure of \$4 million in the area of overtime, legal claims and WSIB and LTD costs which have been taken into consideration in developing the 2018 budget.

## 2018 Draft Operating Budget Highlights

The 2018 Draft Operating Budget maintains the current level of policing services in Ottawa and is within the guideline set by the Board. The OPS has a requirement for \$8.5 million of new funding in 2018. The 2.0% increase in the Police Tax rate combined with growth in the assessment base of 1.3% will generate the required funding.

Table 8 summarizes the details underlying the \$8.5 million funding requirement. A more comprehensive version is included in Annex A-1. The changes are categorized in accordance with City of Ottawa budget reporting as outlined below and discussed in the sections which follow.

1. Maintain Services – ensure continued delivery of quality policing services
2. Growth – expansion of policing services in support of the growth of the City's population
3. New Services – new operational requirements
4. Efficiencies – efficiency savings achieved through productivity improvements, technology investments, asset rationalization and effective procurement
5. User Fees and Revenues – adjustments to user fee rates

**Table 8  
2018 Draft Operating Budget  
(\$ millions)**

<b>Category</b>	<b>Incremental Budget Increase</b>
1. Maintain Services	\$5.5
2. Growth	\$2.6
3. New Services	\$0.9
4. Efficiencies	(\$0.6)
5. User Fees and Revenues	\$0.1
<b>Incremental Requirement</b>	<b>\$8.5</b>
<b>Police Tax Rate Increase</b>	<b>2.0%</b>

## **Category 1: Maintain Services - \$5.5 million increase**

Net Compensation	\$10.2 M
Non-compensation items	(4.7) M
Maintain Services	<u>\$5.5 M</u>

Maintaining existing service levels creates an incremental budget requirement of \$5.5 million for 2018. This category typically comprises the majority (65% in 2018) of the total incremental funding requirement.

### Compensation Increases and Increments - \$10.2 million increase

With 82% of the Ottawa Police Service gross operating budget dedicated to staffing costs, the compensation element of the budget constitutes the most significant cost driver each year.

The 2018 compensation budget supports the approved OPS staff complement of 2,007.6 full time equivalents (FTE's): 1,399 sworn officers and 608.6 civilian members (including Special Constables and casual employees). The sworn staffing level reflects the staffing plan increase of 25 new Constable positions. The cost for the 25 new Constable positions is included in the growth category. The number of civilian member FTE's remains unchanged from 2017.

Staffing levels are charted by section and over time in Annex A-2, A-3.0, A-3.1 and A-3.2.

A total of \$10.2 million was added to the compensation budget to account for all the expected changes in 2018. Of the \$10.2 million, \$6.7 million was for the cost of: members moving through their salary steps, members qualifying for various levels of Responsibility Pay and the negotiated pay increase of 1% on January 1<sup>st</sup> and another 0.79% on July 1<sup>st</sup>.

Compensation is being increased a further \$2 million to address the budget shortfall for overtime. Based on the previous two years of data and the current year experience an overtime pressure of \$3 million exists in 2017. The 2018 budget adds \$2 million of new overtime funding and relies on additional changes to reduce overtime spending including:

- Directorate overtime management and containment plans
- Up-to-date reporting and analysis of overtime spending
- The impact of the 75 positions added to the Service between 2016 – 2018.

Lastly, compensation is being adjusted upwards by \$1.5 million for pressures stemming from Worker's Safety and Insurance Bureau (WSIB) claims (\$1.1 million) and Long Term Disability Insurance (LTDI) claims (\$0.4 million). The significant increase in the WSIB budget is stemming from recent legislation that provided for presumptive entitlement of Post Traumatic Stress Disorder (PTSD) injuries in first responders.

### Materials, Supplies and Services - \$0.2 million decrease

Inflationary pressures and the replacement plan for Naloxone totalled \$0.5 million of budgetary pressures. The inflationary pressures related to our Information Technology software and hardware maintenance contracts, training program increases, and facilities and fleet maintenance cost increases.

A complete and detailed list of the inflationary pressures is shown in Annex A-4.

An increase of \$0.5 million to the insurance settlements and claims budget is also included in the 2018 budget. The settlements and claims expenditure history over the past 5 years has averaged approximately \$0.5 million above our existing budget and we are bridging that gap in this upcoming budget.

There are also savings of \$1.2 million due to the winding down of the Service Initiative program. This program will wrap up in the first quarter of 2018 and our continuous improvement efforts will continue through the commencement of the Modernization Roadmap.

Re-allocating \$1.5 million of existing budget base funding has enabled the Service to support a range of 2018 new initiatives including: the expansion of the Conducted Energy Weapons (CEW's) program, training and equipment requirements stemming from the anticipated Cannabis legalization, the Multi Year Action Plan for Bias Neutral Policing (MYAP), and funding for the Service Initiative to complete its transition to operations by the end of the first quarter of 2018. Annex A-5 sets out the complete list of the 2018 allocation.

### Facilities Strategic Plan Funding – \$3.9 million decrease

In order for the OPS to achieve a 2% tax rate increase the funding approach to the Facilities Strategic Plan had to be reviewed. That review focused on increasing the amount of debt used in the plan and lowering the year-to-year balances in the Facilities Strategic Reserve Fund. The result was a reduction of \$3.9 million to the PAYG contribution to the Facility Strategic Plan (FSP). The timing and allocated funds of / for projects has remained intact.

### Revenue – Upload of Court Costs - \$0.6 million increase

In accordance with the court cost upload agreement with the province, the OPS began receiving revenue from the province in 2012 to help offset the cost of providing court security. The amount of \$4.2 million will be received in 2018. This is the final year of the \$0.6 million increase in provincial revenue related to the uploading of court costs. This revenue has historically been used to directly offset the increase in the PAYG provision for the Facilities Strategic Reserve, but that increase was used to help achieve the 2% budget increase.

## **Category 2: Growth: 25 Officers - \$2.6 million increase**

Workload and service demands are increasing challenges for OPS. Starting in 2016, the Service began a three year plan to increase sworn officer staffing by 25 positions per year for a total of 75. To supplement the plan, 25 sworn officer positions will also be found from within the Service through efficiency initiatives and re-allocated to high demand sections bringing the staffing plan to a total of 100 positions, as shown in Table 3.

The 2018 officers will be brought in gradually with 12 officers hired in April and 13 hired in September. This increase in complement will cost \$1.5 million in 2018. This amount is comprised of compensation costs of \$1.0 million and non-compensation costs of \$0.5 million to cover equipment, training, vehicle operating costs and a contribution to capital for vehicle purchases. The additional 25 officers hired in 2017 will create a pressure of \$1.1 million in compensation costs through the full year impact of their hiring being realized in 2018.

Annex A-9.0 and A-9.1 outlines the sworn and civilian staffing strategy over the 2016-2018 time period.

## **Category 3: New Services - \$0.9 million increase**

### **Modernization (previously IM/IT) Roadmap - \$0.9 million increase**

The Modernization Roadmap is a transformative undertaking that will address: budget pressures, service demands, existing and new crime threats, changes in citizen expectations for service and the data deluge which is on the horizon. A new and different technology platform and approach to managing information is crucial to a successful transformation.

The prime contractor role for the Modernization Roadmap was awarded to PricewaterhouseCoopers in February 2017, They have completed their initial kick off and assessment work and are now commencing their first bundle of deliverables. The funding and work plan for their first bundle was presented and approved by the Board at the June 2017 Board meeting. The 2018 operating budget impact for the Roadmap is anticipated to be a \$1.0 million.

## **Category 4: Efficiencies / Revenue - \$0.6 million increase**

The \$0.6 million in efficiencies in 2018 is being achieved from an increase in the revenue budget for the background clearance reports that are sold. A new fee structure is being presented for Board approval to more accurately reflect the cost of providing the service.

The 2018 efficiency target is the continuation of several years of significant bottom line savings. Over the past 7 years OPS has achieved in excess of \$13.4 million of annual savings as a result of budget reductions and new revenue opportunities.

A summary of the efficiencies for this period is provided in Annex A-6.

## **Category 5: User Fees & Revenues - \$0.1 million decrease**

The 2018 draft budget includes decreases to user fees and revenues totalling \$0.1 million primarily as a result of the downward adjustment of the revenue from the sale of Motor Vehicle Collision reports. All other user fees are increasing by 2%.

The objective of the Board's 2007 User Fee policy is to ensure that the pool of revenue generated by user fees grows at the same pace as the costs. This policy requires an annual review and analysis of user fees. For 2018, user fees and other revenues/recoveries are increasing on average by 2.0%, corresponding to a revenue increase of \$0.15 million. Annex A-7 lists the user fee portion for 2018.

The revenue budget for the Collision Reporting Centers (CRC) is being reduced by \$0.2 million. This is the second \$0.2 million reduction of a five year plan that will align the budget with the amount that is being achieved annually.

Annex A-8 summarizes all revenues and recoveries captured in the 2018 Draft Budget, with comparisons to the previous year.

### 2019 – 2021 Draft Operating Budget Forecast

The operating budget forecast for the 2019-2021 period is based on a revised staffing plan that will see an expansion of the sworn officer complement by 30 officers each year. The \$2.0 million efficiency target has been removed from the forecast as the focus of the organization shifts to implementing the Modernization Roadmap. Efficiencies remain a key focus of the organization and are a significant component of the Modernization Roadmap. The efficiencies generated will be required to offset the new operating costs arising from the new technologies. When all factors have been taken into account, the tax rate forecast for the forecast period is between 3.5% and 4.1% each year, or roughly \$14 million, as shown in Table 9.

**Table 9  
2019-2021 Draft Operating Forecast  
(\$ millions)**

<b>Incremental Requirement</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>
Maintain Services	\$9.6	\$10.9	\$10.4
Growth	\$3.2	\$3.3	\$3.4
New Services	\$1.3	\$0.5	\$0.2
User Fees and Revenues	\$0.1	\$0.1	\$0.1
<b>Incremental Requirement</b>	<b>\$14.2</b>	<b>\$14.8</b>	<b>\$14.1</b>
 <b>Police Tax Rate Increase</b>	 <b>4.1%</b>	 <b>4.0%</b>	 <b>3.5%</b>

## **2019**

The incremental budget requirement for 2019 is \$14.2 million, or a 4.1% tax increase based on the following estimates, assumptions and known pressures:

- Cost of living adjustment of 1% effective January 1<sup>st</sup> and another 0.99% effective July 1<sup>st</sup>.
- Step progression cost of additional sworn officers advancing to 1<sup>st</sup> class Constables
- Estimate of \$0.3 million for increasing WSIB claims
- An estimate of \$0.5 million related to the expanded Canada Pension Plan (CPP) program including rate increase and adjusted maximum income levels qualifying for CPP
- A provision of \$0.6 million to maintain services & supplies
- An increase of \$0.3 million to the contribution to the Facilities Strategic Reserve Fund
- Planned growth of 30 Sworn FTE's hired in April and September
- A total of \$1.3 million for new services (Modernization Roadmap)
- Net decrease in user fee revenue due to adjusting the Collision Reporting Center revenue downwards by \$0.2 million
- Assessment base growth of 1.3%

## **2020**

The incremental budget requirement for 2020 is \$14.8 million, or a 4.0% tax increase based on the following estimates and assumptions:

- A reasonable contingency for salary settlements
- Step progression cost of additional sworn officers advancing to 1<sup>st</sup> class Constables
- Estimate of \$0.3 million for increasing WSIB claims
- An estimate of \$0.9 million related to the expanded CPP program including rate increase and adjusted maximum income levels qualifying for CPP
- A provision of \$0.6 million to maintain services & supplies
- An increase of \$0.4 million to the contribution to the Facilities Strategic Reserve Fund
- Planned growth of 30 Sworn FTE's hired in April and September
- A total of \$0.5 million for new services (Modernization Roadmap)
- Net decrease in user fee revenue due to adjusting the Collision Reporting Center revenue downwards by \$0.2 million
- Assessment base growth of 1.3%

## **2021**

The incremental budget requirement for 2021 is \$14.1 million, or a 3.5% tax increase based on the following estimates and assumptions:

- A reasonable contingency for salary settlements
- Step progression cost of additional sworn officers advancing to 1<sup>st</sup> class Constables
- Estimate of \$0.4 million for increasing WSIB claims
- A provision of \$0.7 million to maintain services & supplies
- An increase of \$0.4 million to the contribution to the Facilities Strategic Reserve Fund
- Planned growth of 30 Sworn FTE's hired in April and September
- A total of \$0.2 million for new services (Modernization Roadmap)
- Net decrease in user fee revenue due to adjusting the Collision Reporting Center revenue downwards by \$0.2 million
- Assessment base growth of 1.3%

## 2018 Draft Capital Budget

The Ottawa Police Services Board aims to provide an adequate capital envelope to ensure that assets such as fleet, facilities and information technology are replaced as required. For 2018, the Board will consider a capital budget request totalling \$65.7 million. Funding for these projects will come primarily from debt. Table 10 below provides a summary.

The capital budget falls into three categories in 2018: renewal of assets, growth and strategic initiatives. Projects totalling \$5.6 million are for the renewal of OPS assets including:

- Fleet - \$3.2 million
- Facility lifecycle - \$1.8 million.
- Information technology infrastructure - \$0.6 million

The growth category is requesting an amount of \$44.7 million that will be funded entirely from debt. This request is for Phase 1 of the new South Division police facility located in South Ottawa at Prince of Wales Drive and Lodge Rd.

The strategic initiative category requires funds of \$15.4 million and is made up primarily of the Modernization Roadmap project and the Facility Work Plan. Descriptions of all 2018 capital projects are provided in Annex B-3.

A capital works in progress report is provided in Annex B-1 which summarizes the status of all existing OPS capital projects. These projects were reviewed during the development of the capital budget to ensure project objectives were being achieved. That review identified \$0.9 million of existing capital funds that would be available for repurposing in 2018 to aid in addressing various operational pressures.

**Table 10**  
**2018 Capital Budget**  
**(*\$ millions*)**

Capital Project	Total Need	Funding Source			
		PAYG	Revenue	DC	Debt
<b>Renewal of Assets</b>					
Fleet Program	\$ 3.2	\$ 2.9	\$ 0.3		
IT Infrastructure	0.6	0.6			
Facility Lifecycle	1.8	1.8			
<b>Subtotal</b>	<b>\$ 5.6</b>	<b>\$ 5.3</b>	<b>\$ 0.3</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Growth</b>					
New Facility – South Phase 1	\$ 44.7	\$ -	\$ -	\$ -	\$ 44.7
<b>Subtotal</b>	<b>\$ 44.7</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 44.7</b>
<b>Strategic Initiatives</b>					
Modernization Roadmap	\$ 9.5	\$ 9.5			
Facility Work Plan	5.5	5.5			
Facility Security Initiatives	0.2	0.2			
Facility Initiatives	0.2	0.2			
<b>Subtotal</b>	<b>\$ 15.4</b>	<b>\$ 15.4</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Total</b>	<b>\$ 65.7</b>	<b>\$ 20.7</b>	<b>\$ 0.3</b>	<b>\$ -</b>	<b>\$ 44.7</b>

#### Ten-Year Capital Forecast

The ten-year requirement for OPS capital spending is estimated to be \$285.6 million, and ranges from a high of \$65.7 million in 2018 to a low of \$12 million in 2026. The summary of the 10 year requirement is shown below in Table 11. Annex B-2 presents the forecast by individual project and by category of need.

**Table 11**  
**OPS Ten Year Capital Needs Summary - 2018-2027**  
**(*\$ Millions*)**

Category	Gross Need	Funding			
		PAYG	Revenue	DC	Debt
Renewal of Assets	\$ 75.1	\$ 72.2	\$ 2.9		
Growth	\$ 92.5	\$ 15.0			\$ 77.5
Strategic Initiatives	\$118.0	\$ 59.6			\$ 58.4
<b>Total</b>	<b>\$285.6</b>	<b>\$ 146.8</b>	<b>\$ 2.9</b>	<b>\$ -</b>	<b>\$ 135.9</b>
<b>% of Total</b>		<b>51%</b>	<b>1%</b>	<b>0%</b>	<b>48%</b>

Capital funds required for the renewal of assets, which includes fleet replacement, information technology renewal (including telecommunication) and facility lifecycle, totals \$75.1 million. These projects are financed exclusively from PAYG sources or revenue garnered from the sale of assets.

Growth projects (\$92.5 million) include projects that are identified for development charge funding. One project accounts for the majority of these funds: funding for Phase 1 of the South Division (\$44.7 million - 2018). Debt and payments from the various reserves will be the sources of funding for the growth projects.

Strategic Initiatives account for \$118 million of the capital forecast. The largest project within the entire 10 year timeframe relates to the new Central Patrol Facility which is budgeted to cost \$44.4 million. Funding for the facilities related projects within this last category will mainly come from debt and the Facilities Strategic Plan Reserve. Funding for the Modernization Roadmap will come from the General Capital Reserve.

#### Status of OPS Reserve Funds

The OPS has three reserve funds that play key roles in capital funding. Annex B-4 provides a Continuity Schedule for each of the reserves. The status of the current reserve funds are as follows:

##### Fleet Replacement Reserve Fund

This fund finances the vehicle replacement program of roughly \$3.2 million to \$4.5 million annually. It carries a minimal balance year over year. The annual contribution will increase annually to cover the regular replacement purchase of vehicles for the 25 new sworn officers added to the complement. The contribution variance is due to the replacement of a major vehicle such as the command post.

##### Facilities Strategic Reserve Fund

This fund was established in 2012. Its role is to support the initiatives outlined in the OPS Facilities Strategic Plan. Historically, this contribution level was adjusted by an amount equivalent to additional funding received from the Province related to court uploading. For 2018, the Facilities Strategic Reserve Fund was reviewed in detail to enable OPS to come in within the 2% tax rate increase target. That review resulted in the planned increase PAYG contribution of \$0.9 million being removed and a further \$3.9 million reduction to the existing PAYG contribution base.

OPS was able to achieve such a reduction without impacting the timing of the projects in the Facilities Strategic Reserve Fund by: 1) changing the funding source from PAYG funds to debt for \$20 million dollars worth of work on new facilities, 2) by maintaining a lower ending balance in the Facilities Strategic Reserve Fund and 3) by reallocating PAYG contributions from the General Reserve Fund in the range of \$5 million in the near term.

The Facilities Strategic Reserve Fund will have a balance of \$6.1 million to begin 2018. This balance will be reduced to \$1.6 million by the end of 2018 and that will be the lowest level that it reaches over the 15 year forecast period. This reserve's ending balance will fluctuate between \$9.9 million and \$2.4 million over that period.

#### *OPS General Capital Reserve Fund*

This fund finances the remainder of the OPS capital work plan, including the Modernization Roadmap. The continuity schedule for the reserve fund, showing the contributions, expenditures and final balance can be found in Annex B-4. This schedule shows that all planned projects can be funded.

A \$0.6 million balance in the General Capital Reserve Fund will be on hand at the end of 2018. The continuity is based on the capital formation contribution adjustments for the Modernization Roadmap for the 2018–2021 periods as outlined in Annex A-1. The replacement plan of IT assets implemented through the Modernization Roadmap will be known in 2019 and at that point we will be in a better position to address the future requirements which will have an impact on the balance in the General Capital Reserve Fund in the outer years. We will also be looking at transferring in the range of \$5 million of PAYG contribution base to the Facility Strategic Plan Reserve Funds in the near term to ensure its plans can be carried out.

#### **CONSULTATION**

The 2018 Draft Operating and Capital estimates will be presented and tabled with the Ottawa Police Services Board and City Council on November 8, 2017.

The Finance and Audit Committee meeting scheduled for November 20, 2017 is another opportunity for public consultation to occur.

Lastly, public consultation will also occur on November 27, 2017 at 4:00 p.m. during the regular meetings of the Police Services Board in the Champlain Room at City Hall. On that date, formal consideration, review and approval of the 2018 Budget will occur.

City Council will review and approve the Draft 2018 Estimates on December 13, 2017.

#### **FINANCIAL IMPLICATIONS**

Financial implications are presented within the report.

#### **CONCLUSION**

The Ottawa Police Service is tabling a draft 2018 gross operating budget of \$330.0 million which results in a Police Tax Rate increase of 2.0%. The 2018 draft capital budget is tabled at \$65.7 million. Approval of the budget will ensure that the Board and the Service have the funds required to meet the Strategic Plan and the Chief's Operational Priorities for 2018.

## OTTAWA POLICE SERVICE SERVICE DE POLICE D'OTTAWA

*The Trusted Leader in Policing*  
*Le chef de file de confiance dans la police*

## REPORT RAPPORT

**DATE :** Le 8 novembre 2017

**À :** Président et membres de la Commission de services policiers d'Ottawa

**DE :** Chef de police adjoint, Service de police d'Ottawa

**OBJET : PROJET DES BUDGETS DE FONCTIONNEMENT ET D'INVESTISSEMENT  
POUR 2018**

### **RECOMMANDATIONS**

**Que la Commission de services policiers d'Ottawa reçoive et dépose le Projet des budgets de fonctionnement et d'immobilisations du Service de police d'Ottawa pour examen par la Commission lors de sa réunion du 27 novembre 2017.**

### **CONTEXTE**

Lors de sa réunion du 25 septembre 2017, la Commission a demandé à son personnel de préparer le projet des budgets de fonctionnement et d'immobilisations pour 2018, en tenant compte d'une augmentation de taxe de 2,0 % et d'une croissance de 1,3 % de l'évaluation foncière. Ce budget, qui respecte l'orientation de la Commission, représente une hausse de 2,0 % du taux d'imposition pour la police.

### **ANALYSE**

Le Service de police d'Ottawa (SPO) fournit des services de police aux résidents, aux entreprises et aux visiteurs de la ville d'Ottawa, conformément à la *Loi sur les services policiers de l'Ontario*. Les demandes concernant ces services sont faites en fonction des besoins et des attentes de notre communauté.

Afin de s'assurer de disposer du financement nécessaire pour répondre aux demandes de la collectivité, l'article 39 de la *Loi sur les services policiers* exige que la Commission approuve les affectations budgétaires annuelles pour générer le financement visant à maintenir le Service de police et à lui permettre d'obtenir le matériel et les installations dont il a besoin. De concert avec le Plan des activités du SPO et d'autres documents de planification stratégique, le budget permet à la Commission d'établir ses priorités et d'orienter le chef, la haute direction et les gestionnaires. Il soutient les niveaux de service, donne le pouvoir de procéder aux principaux projets de fonctionnement et confirme le financement nécessaire pour accomplir le plan opérationnel de 2018.

En 2006, le conseil municipal a mis en œuvre une politique visant à financer les opérations du SPO au moyen d'un taux de taxe municipale distinct de l'ensemble des activités municipales. Ce modèle de financement expose au grand public, avec transparence, le coût des services de police et donne au SPO l'avantage direct d'une part proportionnelle des revenus tirés de la croissance du produit de l'évaluation foncière.

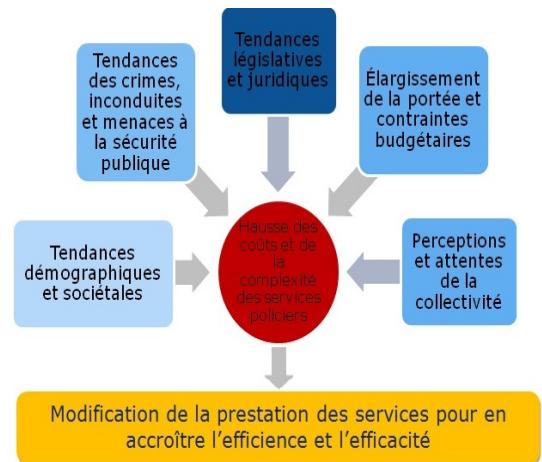

### Contexte policier

Les services policiers dans l'ensemble du Canada continuent d'évoluer vers une profession très sophistiquée, extrêmement complexe et qui exige beaucoup de ressources, dans un environnement dynamique. Diverses tendances et transformations ont façonné cet environnement, notamment la croissance des collectivités, le vieillissement des populations, les changements démographiques et l'augmentation des demandes de services. De plus, les services policiers doivent composer avec les changements dans les types de crimes commis et les exigences législatives et réglementaires qu'ils doivent observer dans leurs enquêtes, en plus d'une augmentation des interactions avec des personnes souffrant de troubles de santé mentale, de l'attente de la légalisation du cannabis, de la crise des opioïdes et de la menace omniprésente du terrorisme.

Ottawa doit également affronter des défis uniques par rapport à ceux des autres services policiers du pays – soit en raison de sa géographie et de son rôle comme capitale du pays.

La ville d'Ottawa couvre 2 796 kilomètres carrés et s'étend sur 83 kilomètres d'est en ouest. Sa superficie est plus grande que celles de Toronto, de Montréal, de Calgary, d'Edmonton et de Vancouver combinées. De plus, près de 80 % du territoire se trouve en milieu rural, et la ville compte davantage de terres agricoles que toute autre ville au Canada. Cette diversité géographique crée un besoin de modèles de prestation de services adaptés aux réalités de la zone urbaine, de la banlieue et du milieu rural, qui sont soutenus par un équipement spécialisé entraînant souvent une hausse des dépenses en véhicules.

Ottawa étant la capitale du pays, le Service de police d'Ottawa (SPO) est responsable de la sécurité du public sur des sites d'importance nationale, ainsi que de l'encadrement de nombreux événements, notamment des défilés, des marches, des grèves, des démonstrations et des événements spéciaux. En date de la fin d'octobre 2017, le SPO avait été présent à 903 événements publics. Ces événements exigent divers niveaux de planification opérationnelle, appuyés par une cueillette de renseignements coordonnée, des évaluations des menaces et des stratégies de sécurité publique.

En 2016, le volume d'infractions au *Code criminel* déclarées au SPO a augmenté pour la première fois en huit ans. La nature du crime change, et on observe une augmentation de 10,5 % de l'indice de gravité de la criminalité, ce qui reflète une augmentation des crimes violents. L'organisme continue d'œuvrer dans un environnement d'enquête et de dispositions législatives de plus en plus complexe, de même qu'à affronter des demandes de service croissantes et des niveaux de plus en plus élevés d'événements planifiés et non planifiés. Il peut être très difficile d'équilibrer un environnement sans cesse en mouvement, caractérisé par tous ces besoins et à l'intérieur d'une enveloppe budgétaire définie. Un financement stable facilite la gestion efficace des opérations policières et des besoins de service associés à une population croissante et diversifiée et, dimension plus importante, aide à assurer la sécurité de la collectivité.

#### Comparaisons des effectifs policiers à l'échelle canadienne et provinciale

Toute une gamme de facteurs est prise en compte pour l'examen du nombre de membres du SPO. Une mesure standard de comparaison utilisée dans l'ensemble du Canada est celle du « rapport entre la population et le nombre de membres de la police ».

Même si la détermination de l'effectif approprié d'un service de police ne peut être fondée uniquement sur la population, cette mesure permet de faire une comparaison relative avec des services de police œuvrant dans des environnements semblables. Les données les plus récentes publiées par Statistique Canada montrent que les niveaux de dotation en personnel de la police d'Ottawa se situent dans le bas de la gamme des douze plus grands centres urbains du Canada. Le tableau 1 présente des données pour des services de police comparables, y compris celui de Gatineau, et montre qu'il y a 521 résidents pour chaque membre de la police d'Ottawa (assermenté ou civil).

**Table 1 – Rapport entre la population et le nombre de membres de la police**

Service	Effectif actuel 2016				
	2015	Agents de police	Autre personnel	Nombre total de membres de la police	Population par membre de la police
	Stats population canadienne				
Toronto	2 826 498	5 366	2 685	8 051	351
Montréal	1 999 795	4 583	1 074	5 657	354
Winnipeg	718 357	1 416	548	1 964	366
Edmonton	950 421	1 739	777	2 516	378
Vancouver	658 198	1 292	403	1 695	388
Calgary	1 293 023	2 172	714	2 886	448
Peel	1 373 033	1 967	875	2 842	483
Gatineau	278 780	395	179	574	486
York	1 139 738	1 598	629	2 227	512

Ottawa	956 710	1 239	598	1 837	521
Durham	661 190	861	373	1 234	536
Halton	559 213	690	289	979	571
Ville de Québec	578 749	771	173	944	613

Source : Tableau CANSIM 254-0004 Personnel policier et certaines statistiques de la criminalité, services de police municipaux Statistique Canada

La croissance de la population à Ottawa et la stabilité relative du service de police ont entraîné une hausse du rapport entre le nombre de résidents et le nombre de membres de la police. Entre 2011 et 2016, ce rapport est passé de 479 à 521. Le tableau 2 présente les données sous-jacentes à cette tendance.

**Tableau 2 – Tendance dans le rapport entre la population et le nombre de membres de la police 2011-2016**

Année	Stats Population canadienne (1)	Agents de police	Autre personnel	Nombre total de membres de la police	Population par membre de la police
2011	899 016	1 273	605	1 878	479
2012	912 248	1 312	563	1 875	487
2013	924 224	1 311	549	1 860	497
2014	935 807	1 301	551	1 852	505
2015	947 031	1 272	590	1 862	509
2016	956 710	1 239	598	1 837	521

(1) Les données sur les populations de répondants pour l'année en cours ne sont pas encore disponibles au moment où les conclusions de l'Enquête sur l'administration policière de Statistique Canada sont publiées. Par conséquent, les populations mentionnées dans le tableau 2 représentent des données de l'année précédente.

Source : Tableau CANSIM 254-0004 Personnel policier et certaines statistiques de la criminalité, services de police municipaux Statistique Canada

L'incidence de l'ajout de 25 agents assermentés sera visible lorsque le rapport de 2017 sera disponible. Sur la base d'une simple extrapolation des données démographiques et toutes les autres données maintenues constantes, on s'attend à ce que les 25 postes d'agent assermenté permettent de stabiliser le rapport entre la population et le nombre de membres de la police.

Le nombre de membres de la police pour 100 000 résidents est une autre statistique très citée. Comptant 193 membres, le Service de police d'Ottawa est sous la médiane provinciale de 220.

En plus des mesures statistiques, les besoins de dotation en personnel doivent aussi prendre en compte l'état de préparation opérationnelle du service de police pour traiter le crime et les problèmes de désordre qu'ont à affronter Ottawa et d'autres grandes villes canadiennes. Entre autres, il faut voir à ce que le SPO dispose des ressources nécessaires pour s'attaquer aux problèmes émergents et de plus en plus complexes, tels que les armes à feu et les gangs de rue, la cybercriminalité, les enquêtes recouvrant

plusieurs administrations et le terrorisme, de même que les ressources de patrouille nécessaires pour servir la collectivité et assurer sa sécurité.

D'autres facteurs ont une influence sur l'ampleur des ressources dont la police a besoin pour répondre à la demande de services, notamment les nouvelles exigences législatives et réglementaires, en particulier le besoin nouveau d'obtenir des mandats et des lignes directrices entourant les instruments de collecte de renseignements, tels que des contrôles de routine, les coûts et les compétences liés à l'adoption des nouvelles technologies, à l'équipement et au profil des membres de la police appelés à exécuter ces fonctions.

### Plan de dotation – 2016-2018

Dans le présent budget, le plan de dotation vise à répondre aux besoins de dotation actuels et aux risques connexes créés par l'environnement évolutif des services policiers. Le plan, lancé en 2016 avec l'ajout de 25 agents, nécessite l'addition de 25 agents en 2017 et de 25 autres en 2018. De plus, 25 postes d'agents assermentés de plus seront créés par l'intermédiaire des projets de transformation des initiatives d'amélioration du service, et ces agents seront affectés à des rôles nouveaux. Ainsi, le plan vise la dotation de 100 postes en 3 ans. Le tableau 3 illustre le plan de dotation 2016-2018.

**Tableau 3 – Plan de dotation 2016-2018**

<b>Postes</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>Total</b>
Nouveaux agents assermentés	25	25	25	75
Agents assermentés réaffectés		25		25
<b>Total</b>	<b>25</b>	<b>50</b>	<b>25</b>	<b>100</b>

Les 75 nouveaux postes d'agents assermentés commencent à combler les pénuries de personnel et à répondre aux besoins opérationnels des directions responsables des affectations en première ligne et des enquêtes. Les postes ont été répartis comme suit, comme on peut le voir au tableau 4 :

**Tableau 4 – Affectation des postes d'agents assermentés 2016-2018**

<b>Nouveaux postes d'agents assermentés</b>	<b>2016</b>	<b>2017</b>	<b>2018</b>	<b>Total</b>
Sergent d'état-major, Jeunesse	1			1
Équipe d'intervention directe (EID)	2			2
Mieux-être	2			2
Postes de développement opérationnel	20	25	3	48
Rôles opérationnels dans le cadre de la stratégie en matière d'accommodements			22	22
<b>Total</b>	<b>25</b>	<b>25</b>	<b>25</b>	<b>75</b>

Le plan de dotation de 2016-2018 prévoyait la création de 25 postes d'agents assermentés et leur affectation dans les secteurs prioritaires. À l'heure actuelle, 25 postes ont été réaffectés dans les domaines suivants : le Centre des opérations stratégiques de la Police d'Ottawa (COSPO), la traite de personnes, les agressions sexuelles et violence faite aux enfants et la violence d'un. Vous trouverez un calendrier complet des postes d'agents assermentés à l'annexe A-9.0. La réaffectation de ces 25 postes permet d'atteindre l'objectif de dotation en personnel prévu dans le plan, soit 100 postes sur la période 2016-2018. Des gains d'efficience et des mouvements de personnel plus importants ont eu lieu dans le cadre de l'Initiative d'amélioration des services et feront l'objet de rapports distincts.

#### Plan de dotation – 2019-2021

Le plan de dotation 2019-2021 prévoit l'embauche de 90 nouveaux agents entre 2019 et 2021 (30 par année). Ce plan représente une augmentation annuelle d'environ 1,5 %, ce qui permet au SPO de stabiliser sa position relativement au rapport entre la population et le nombre de membres de la police. Le tableau 5 illustre le plan de dotation 2019-2021.

Des agents seront affectés pour répondre aux besoins opérationnels liés aux fonctions en première ligne et aux enquêtes, notamment sur la violence faite aux femmes, les armes à feu et les gangs de rue, ainsi que les patrouilles de première ligne dans la rue et les services de police communautaires. Les agents supplémentaires aideront également le Service à continuer de composer avec les pénuries de personnel attribuables aux accommodements.

L'accroissement des effectifs permettra aussi de s'attaquer à d'autres questions, tels que la circulation, l'augmentation des appels concernant des troubles de santé mentale, la légalisation du cannabis et la crise des opioïdes.

**Tableau 5 – Plan de dotation 2019-2021**

Postes	2019	2020	2021	Total
Nouveaux agents assermentés	30	30	30	90

#### Sécurité routière

La sécurité routière est une priorité pour les résidents d'Ottawa tout comme c'est une priorité pour le Service de police d'Ottawa. L'application des règles de circulation est la responsabilité de tous les agents de première ligne ainsi que de la Section de la circulation.

Nous utilisons les données sur la circulation et les plaintes déposées par le public pour allouer ces ressources, afin de régler les problèmes de circulation à l'échelle du voisinage et de la ville. Nous déployons actuellement davantage d'efforts afin que les agents disposent de plus de temps pour régler les problèmes de circulation; toutefois,

ces ressources doivent être équilibrées par rapport à d'autres besoins pressants comme le maintien de l'ordre et la sécurité de la ville d'Ottawa.

Les équipes d'agents d'application des règles de circulation ne sont qu'une partie de la stratégie visant à assurer la sécurité des routes à Ottawa. Nous travaillons avec nos partenaires de la Ville pour résoudre les problèmes liés à la sécurité routière, en ayant recours à la mobilisation, à la conception de routes et à l'éducation. Le Programme d'amélioration de la sécurité des routes à Ottawa, un partenariat actuellement dirigé par le SPO, a permis de mettre au point de nouvelles technologies pour aider les agents, comme le système de reconnaissance de plaques d'immatriculation et le projet-pilote de caméras sur les autobus scolaires qui vise à accroître la sécurité routière en ce qui touche les autobus scolaires. Nous continuons d'encourager l'expansion et l'utilisation de technologies telles que les caméras de surveillance aux feux rouges et le contrôle automatisé de la vitesse.

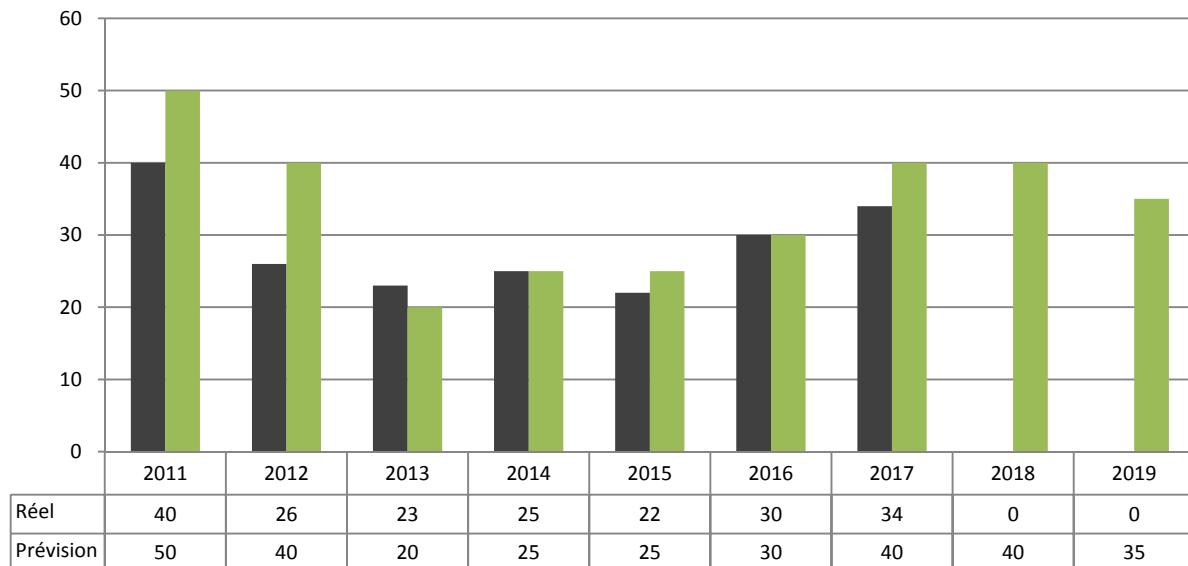

### Coûts de retraite

Le coût moyen par agent à la retraite a diminué ces dernières années, ce qui nous a permis de réduire de 0,5 million de dollars le budget de retraite en 2016. Cependant, en 2017 et 2018, le nombre de départs à la retraite a augmenté en raison de la démographie et de l'embauche. Cela ne nous permettra pas de réduire davantage les coûts de retraite au cours des prochaines années, car les départs à la retraite se poursuivent à un rythme supérieur à la moyenne. En 2017, le budget prévu pour près de 40 départs à la retraite était de 2,6 millions de dollars. Selon les renseignements dont nous disposons actuellement, le niveau de départs à la retraite devrait demeurer le même en 2018, soit 40 départs, puis diminuer légèrement à 35 départs à la retraite en 2019, comme l'indique le tableau 6.

Aucun autre rajustement budgétaire n'est prévu pour 2018-2019, étant donné que la contribution annuelle de 2,6 millions de dollars devrait couvrir le maximum des coûts de retraite au cours de cette période. Le versement correspondant par retraité a diminué, si bien qu'au cours de cette période de prévisions, on ne s'attend pas à ce que ces départs à la retraite créent une pression financière supplémentaire.

Le SPO a mis en place un solide processus de prévisions et de recrutement ainsi que de planification de la relève pour faire face aux défis qu'occasionneront les départs à la retraite pour les opérations policières.

**Tableau 6**  
**Départs à la retraite des agents assermentés 2011-2019**  
**(Nombre prévu par rapport au nombre réel)**

#### Priorités stratégiques et opérationnelles pour 2018

Les priorités stratégiques et opérationnelles pour 2018 sont les éléments clés du processus d'élaboration du budget. Le SPO est déterminé à préserver la sûreté et la sécurité de la collectivité qu'il sert par la poursuite d'activités efficaces d'application de la loi, la prévention proactive du crime, l'éducation et des partenariats. Ces objectifs sont réalisés, en grande partie, en assurant l'affectation efficace de ressources policières en première ligne.

Le chef a établi trois priorités opérationnelles pour cibler les domaines de préoccupation du SPO. Ce sont les enjeux de nature générale qui concernent : 1) les armes à feu et les gangs de rue; 2) la violence faite aux femmes; 3) la sécurité routière. Les principaux cadres supérieurs dans l'organisation se font les champions de ces initiatives et, grâce à une planification coordonnée, ils font en sorte d'obtenir une concentration opérationnelle accrue pour répondre aux besoins de la communauté et aux préoccupations importantes de la population.

Outre ces trois priorités opérationnelles, il existe une approche globale des opérations selon laquelle « tout le monde est important ». Cette approche s'applique aux membres internes et au service offert à l'ensemble de la collectivité. À la suite de consultations auprès d'un vaste auditoire, y compris les membres de la Commission et la collectivité, trois priorités stratégiques se sont dégagées pour former la base du plan directeur de 2016-2018 :

**Les membres** : *Mobiliser tous nos gens et s'y investir*

**La collectivité** : *Oeuvrer auprès de nos collectivités quant à notre responsabilité commune en matière de sécurité*

**Le service** : *Offrir un excellent service par la voie des Opérations*

Les directions doivent tenir compte de ces priorités en gérant leurs budgets et leurs activités.

À l'appui des priorités stratégiques établies dans le plan directeur 2016-2018 du SPO, l'organisation se concentrera sur les priorités clés suivantes pour assurer la prestation des services en 2018 :

- Stabilisation et réduction progressive de l'Initiative d'amélioration des services (IAS)
- Plan d'action pluriannuel pour une police impartiale (PAPPI)
- Programme de mieux-être du SPO
- Programme de l'égalité entre les sexes
- Carte routière de la modernisation
- Plan stratégique des installations

#### Stabilisation et réduction progressive de l'Initiative d'amélioration des services

Le programme de l'Initiative d'amélioration des services (IAS) a joué un rôle fondamental en fournissant un environnement structuré pour aider le SPO à répondre aux attentes budgétaires et à faire en sorte que notre modèle de service policier soit efficace, efficient, adaptable et viable.

L'IAS a mis de l'avant plusieurs nouveaux modèles opérationnels en 2017, et est en cours de stabilisation et de transfert aux opérations des éléments suivants :

- La gestion des demandes
- Un nouveau modèle d'enquête
- Un modèle d'affectation en première ligne
- Le Centre des opérations stratégiques de la police d'Ottawa (COSPO)

Avec la réduction progressive du programme de l'IAS, son affectation de base de 1,2 million de dollars a été retirée du budget. Les activités de clôture et de transfert du programme se poursuivront au premier trimestre de 2018, et un financement de 0,4 million de dollars a été affecté à cet égard.

### Plan d'action pluriannuel pour une police impartiale (PAPPI)

Le PAPPI mettra l'accent sur un changement de culture judiciaux au sein du SPO grâce à une action coordonnée et mesurée. Les objectifs du PAPPI sont les suivants :

- Renforcer notre travail continu lié aux efforts impartiaux en matière de maintien de l'ordre;
- Promouvoir la confiance dans les services de police en répondant aux préoccupations concernant le profilage racial, le racisme, les droits de la personne, la diversité, les préjugés et la discrimination;
- Favoriser une culture qui assure la promotion active de l'équité, de la diversité et de l'inclusion.

### Programme de mieux-être

Le but du programme de mieux-être du SPO est de définir une stratégie claire, cohérente et réalisable visant à mettre en place un système de santé et de bien-être au moyen d'un changement de culture, de l'éducation, de la reconnaissance, de la résilience et du soutien, et ce, avant l'embauche jusqu'après la retraite. Le SPO souhaite compter sur un effectif hautement expérimenté et compétent qui offre des possibilités de croissance, tout en équilibrant les besoins de l'organisation avec ceux de ses employés.

Les objectifs suivants aideront à apporter de vrais changements pour soutenir la réalisation de la vision :

- Créer un environnement orienté de manière stratégique et soutenu par des ressources spécialisées, ainsi que par des politiques et des programmes améliorés.
- Favoriser une culture au sein de laquelle la confiance est accrue, la stigmatisation est réduite et les pratiques en matière de mieux-être sont améliorées.
- Soutenir les personnes dans leur cheminement vers le mieux-être afin qu'elles soient plus conscientes, plus engagées et plus motivées.

Les principales activités incluses dans le budget de 2018 à l'appui du programme de mieux-être sont les suivantes :

- Élaboration et mise en œuvre du programme de soutien par les pairs et de résilience du SPO
- Formation continue des membres en santé mentale de l'organisation, connue sous le nom de *En route vers la préparation mentale* (RVPm).
- La poursuite du programme « Le vrai toi »

### Programme de l'égalité entre les sexes

Le Service de police d'Ottawa valorise les contributions des femmes dans les services de police. Les membres féminins du SPO font partie intégrante de nos opérations et du service que nous offrons à la collectivité. En ce qui a trait au genre et à la diversité, nous poursuivons nos efforts de recrutement visant à rendre nos rangs aussi représentatifs que possible de notre collectivité.

L'égalité des sexes touche l'égalité des chances en matière d'emploi, les associations et à la négociation collective, le perfectionnement professionnel judicieux, l'équilibre travail-vie privée, la participation égale à la prise de décision, la rémunération égale pour un travail d'égale valeur et un accès égal à des milieux de travail sains et sûrs pour les hommes et les femmes. Ce n'est pas une question qui concerne les femmes, mais une question de droits de la personne, et cela devrait concerner pleinement autant les hommes que les femmes.

Il ne suffit pas de recruter plus de femmes dans les services de police. Il y a encore du travail à faire pour s'assurer que nos membres féminins assermentés et civils soient soutenus et aient des chances égales d'exceller et d'atteindre leurs objectifs de carrière. L'augmentation du recrutement des femmes par le SPO et d'autres services de police, si elle n'est pas soutenue par des politiques et des pratiques qui assureront leur soutien, leur transfert et leur promotion, se traduirait par des inégalités systémiques. Ce qu'il faut maintenant, c'est une approche concertée et coordonnée pour aborder la question de l'égalité des genres au sein du SPO et dans l'ensemble de la profession.

Dans le cadre de l'entente conclue par l'intermédiaire de la Commission ontarienne des droits de la personne (CODP), le SPO a accepté de mettre en place une série de mesures pour régler les problèmes liés à l'égalité entre les genres dans l'organisation :

Phase 1 : Analyser le recensement des effectifs de 2012 du SPO afin d'établir la répartition de l'effectif par genre et/ou situation familiale.

Phase 2 : Effectuer une vérification de l'égalité entre les genres

Phase 3 : Rédiger et/ou modifier les politiques et les procédures portant sur le placement des employés et les promotions, y compris la rédaction de l'ébauche d'une politique sur les mesures d'adaptation en matière de droits de la personne.

Phase 4 : Mettre en œuvre et former les agents en ce qui concerne les résultats de la phase 3.

Le plan de travail relatif au procès-verbal du règlement a été achevé récemment. En 2018, le projet de l'égalité entre les genres deviendra un programme permanent du SPO. Un plan de travail de 2018 a été présenté à la CODP; il comprend, notamment :

1. La création d'un bureau de l'équité, de la diversité et de l'inclusion (EDI);
2. La mise en œuvre de la stratégie d'éducation et de sensibilisation;
3. L'évaluation continue des nouvelles politiques et des nouveaux programmes;
4. L'analyse du recensement des effectifs de 2017 du SPO;
5. Le travail effectué en parallèle avec d'autres initiatives, telles que le PAPPI et l'initiative de mieux-être.

### Carte routière de la modernisation de la TI

La technologie de l'information (TI) est un outil essentiel pour la police. Appliquée de manière appropriée, cet outil aidera le Service de police d'Ottawa (SPO) à atteindre les objectifs énoncés dans son plan d'activités et à soutenir le travail de transformation à l'échelle de l'organisation d'une manière efficace et rentable. L'amélioration de la sécurité des agents, la réduction du fardeau administratif du personnel de première

ligne – tant assermenté que civil – et l'amélioration du service au public sont également des priorités à atteindre.

La gestion de l'information (GI) est également essentielle au succès du SPO. Les services policiers doivent désormais traiter avec des volumes de données complexes, souvent décentralisés et qui augmentent sans cesse, à la fois pour leurs fonctions opérationnelles et administratives. Les organisations policières efficaces doivent gérer la saisie, le rapprochement et le flux de ces données en temps opportun afin d'effectuer une analyse critique et même de prévoir la probabilité de certains événements. Les analyses sont en train de devenir l'élément vital des services de police modernes et constituent le moyen attendu de fournir aux membres de l'information exacte et en temps opportun, et de répondre aux besoins des services communautaires.

En avril 2016, la Commission a adopté à la fois la carte routière de la modernisation du SPO et une approche pour sa mise en œuvre. La carte routière établit un plan de modernisation, sur six ans, vigoureux et grandement nécessaire, pour l'environnement de GI-TI du SPO, afin de lui permettre de disposer de l'infrastructure nécessaire pour répondre aux défis actuels et futurs associés aux services de police et soutenir la transformation de l'organisation.

La carte routière de la modernisation a été mise en œuvre par étapes, la première étape ayant été lancée en juillet 2017. L'étape 1 comprend des projets estimés à 14,7 millions de dollars sur une période de 18 mois, et est divisée en cinq catégories : Fondation des TI, ressources humaines, collaboration, optimisation et innovation des opérations policières. Le rapport de la Commission de juin 2017 comporte de plus amples détails sur ces catégories.

### Plan stratégique des installations

Dans le budget des immobilisations de 2018, un financement supplémentaire de 44,7 millions de dollars est demandé pour achever la phase 1 de la nouvelle installation du sud. Le besoin d'une nouvelle installation dans le sud a été énoncé dans le plan stratégique initial des installations de 2013. En 2017, le plan (2017-2033) a été mis à jour, et une approche axée sur le site a été approuvée pour la propriété appartenant à la ville, située au 55, chemin Lodge. La phase 1 du développement du site comprendra une installation de 120 000 pieds carrés qui abritera les services d'opérations de première ligne et de soutien spécialisé. De plus, le projet comprend la construction d'un deuxième étage de 35 000 pieds carrés qui sera aménagé pour les services généraux, dans le cadre de la phase 2 de l'installation du sud.

Le coût total du projet pour la conception, la construction et l'aménagement (excluant les coûts de propriété) est estimé à 75,015 millions de dollars. Un financement de 30,3 millions de dollars a été affecté dans le cadre des précédents budgets (2007, 2010 et 2011). D'importantes activités de planification, de conception et d'élaboration des exigences seront menées jusqu'en 2018, et la construction devrait commencer en 2019.

## Sommaire des autres initiatives pour 2018

Un certain nombre d'autres initiatives seront réalisées en 2018, et seront soutenues par le budget. Elles sont décrites plus en détail plus loin dans le rapport.

Elles comprennent :

- Le remplacement et l'expansion de l'utilisation des pistolets électriques (PE) (approuvé par la Commission de services policiers d'Ottawa)
- Les coûts de formation et de l'équipement liés aux nouvelles responsabilités policières découlant de la légalisation du cannabis
- L'élaboration d'une stratégie de recrutement axée sur la diversité
- La mise en œuvre du système de communication mobile interopérable

Pour mettre en œuvre ces initiatives à l'intérieur de l'enveloppe budgétaire affectée, un exercice de réaffectation budgétaire a eu lieu. Les solutions élaborées au cours de l'établissement du budget sont indiquées au tableau 7a.

Le SPO recherche des occasions pour s'améliorer continuellement, qui non seulement rehaussent le service offert au public, mais aident également à garantir que le Service fonctionne le plus efficacement possible. Les pressions actuelles sur les services policiers combinées aux contraintes budgétaires créent des difficultés croissantes en ce qui concerne la prestation des services. Le SPO reconnaît l'importance de faire appel aux ressources existantes, dans la mesure du possible, pour alléger certaines de ces pressions inévitables. L'information qui suit dans le rapport fournit une ventilation plus détaillée des efforts déployés par le SPO pour optimiser les ressources et les fonds affectés dans le cadre du budget 2018.

## Processus d'élaboration du budget de 2018

Préparation du personnel – Le SPO a entrepris le processus d'élaboration du budget de 2018 en juin 2017 au moment de la tenue d'une séance d'information avec l'Équipe de direction de l'entreprise (ÉDE) visant à examiner les défis opérationnels et financiers que devait affronter le SPO en 2017 et les répercussions sur le budget de 2018. Le matériel de préparation du budget a été diffusé à tout le personnel du SPO en juillet. Récemment, des représentants de la section des Finances ont rencontré leurs contacts pendant tous les mois de l'été pour soutenir la préparation des prévisions budgétaires préliminaires.

La mobilisation des intervenants de la haute direction pour l'élaboration du budget est de nouveau au centre de l'approche adoptée cette année, qui vise à mieux comprendre les besoins auxquels doit répondre le budget du SPO et favoriser les solutions à ces pressions. Des réunions ont été tenues avec la direction et l'ÉDE en juin, juillet, août, septembre et octobre.

Le personnel a également travaillé avec la trésorière municipale pour confirmer les prévisions de la hausse de l'évaluation foncière et d'autres catégories de revenus et de dépenses au niveau de l'organisation. L'évaluation foncière est demeurée au niveau prévu de 1,3 % pour 2018.

Avis du CFVC – Un aspect clé du processus d’élaboration du budget du SPO est la consultation du Comité des finances et de la vérification de la Commission (CFVC). Le personnel a rencontré le CFVC le 11 septembre 2017 et le fera à nouveau le 20 novembre 2017 pour discuter de l’orientation et de l’échéancier du processus d’approbation du budget de 2018 et des pressions à gérer. Des propositions ont été présentées pour obtenir une augmentation budgétaire de 2 %, y compris une augmentation de 1,3 % de l’évaluation foncière. On a ainsi déterminé une cible qui produit une augmentation de 8,5 millions \$ du budget du SPO pour 2018.

L’obtention de l’augmentation budgétaire de 2 % ciblée a été un exercice laborieux. La première version, fondée sur les pressions de 2017 et des priorités stratégiques pour 2018, a donné lieu à une proposition qui dépassait de 10,8 millions \$ la cible de 2 %. Le personnel a mis en œuvre plusieurs stratégies pour ramener la proposition à 2 % comme il est indiqué dans le tableau 7a : les demandes de nouveaux fonds ont été réduites ou éliminées; les bases de financement existantes ont été réduites et le budget d’immobilisations existant a été utilisé pour répondre à des besoins ponctuels lorsque cela était approprié.

**Tableau 7a**

**Résumé des solutions pour le budget de 2018**

		<b>M\$</b>
1.	Éliminer les nouvelles demandes	2,2
2.	Réduire l’augmentation de contribution à l’utilisation pour ce qui est de la Carte routière de la modernisation	1,1
3.	Réduire la contribution à l’utilisation pour ce qui est du Plan stratégique des installations	3,9
4.	Réaffecter la base budgétaire existante	1,5
5.	Réduire la base budgétaire pour l’Initiative d’amélioration du service	1,2
6.	Réaffecter le budget d’immobilisations	0,9
<b>Total</b>		<b>10,8</b>

Cette approche a permis de dégager 2,5 millions \$ pour des initiatives de 2018 comme il est indiqué dans le tableau 7b. La réaffectation de la base budgétaire de 1,5 million \$ et la réorientation du budget d’immobilisations de 0,9 million \$ ont permis de procéder à la mise en œuvre de ces initiatives. Le 3 octobre 2017 et le 17 octobre 2017, des réunions d’examen ont été tenues avec l’Équipe de direction d’entreprises afin d’achever cette approche.

**Tableau 7b**

**Initiatives sélectionnées pour le budget de 2018 - 2,5 millions \$**

		<b>000 \$</b>
1.	Programme d'expansion des armes à impulsions	640
2.	Coûts liés à l'équipement et à la formation relativement à la légalisation du cannabis	500
3.	Plan d'action pluriannuel pour une police impartiale (PAPPI)	500
4.	Achèvement de l'Initiative d'amélioration du service	400
5.	Remplacement du moteur de l'avion	100
6.	Recrutement	100
7.	Programme sur l'égalité des sexes	100
8.	Programme d'amélioration continue	80
9.	Soutien à la préparation opérationnelle à la vérification des antécédents en ligne	50
	<b>Total</b>	<b>2 470</b>

La réaffectation de l'ancien budget d'immobilisations est effectuée dans le cadre de la production du rapport du troisième trimestre de 2017 et entraînera la création d'un nouveau projet d'immobilisations. Les fonds inutilisés provenant des trois projets immobilisations séparés (remplacement des radios portatives, transformation opérationnelle et solutions opérationnelles 2013) seront transférés pour créer ce nouveau budget d'immobilisations.

Orientation du Conseil

Le Conseil municipal a reçu le rapport du budget de 2017 et l'échéancier proposé le 14 juin 2017. Ce rapport donnait des précisions sur l'orientation découlant du rapport révisé sur la stratégie et les orientations budgétaires 2017-2018 (ACS2016-CSD-FIN-0006) qui modifiait les lignes directrices pour les deux dernières années du mandat du Conseil en raison de changements à l'évaluation foncière. Dans le cadre de ce rapport, le Conseil a adopté les lignes directrices suivantes :

- a. Que la taxation pour l'ensemble des services municipaux, y compris les services de police, les bibliothèques et la santé publique soit augmentée de 2 % pour 2017 et 2018.
- b. Que, dans le cadre du processus budgétaire annuel pour 2017 et 2018, les affectations budgétaires pour les commissions de la police, des bibliothèques et de la santé publique soient fondées sur leur part pondérée d'une augmentation de taxe de 2,0 % et d'une hausse estimative des taxes de 1,3 % résultant d'une augmentation de l'évaluation foncière, et que le Conseil demande à ces commissions d'élaborer leurs projets de budgets à l'intérieur de cette affectation annuelle.

Le 25 septembre 2017, la Commission a adopté l'orientation du Conseil. La proposition de projet de budget présentée dans le présent rapport est conforme à cette orientation.

### Situation financière en 2017

Les rapports trimestriels sur la situation financière contiennent de l'information clé utilisée dans la préparation du projet de budget pour 2018. Le rapport du deuxième trimestre conclut que le SPO doit faire face à plusieurs pressions importantes et prévoit un déficit à la fin de l'année. Il révèle des pressions existantes de 4 millions \$ pour ce qui est des coûts liés aux heures supplémentaires, aux poursuites en justice, à la CSPAAT et à l'ILD qui ont été pris en considération en élaborant le budget de 2018.

### Points saillants du projet de budget de fonctionnement pour 2018

Le projet de budget de fonctionnement pour 2018 maintient le niveau de contrôle policier actuel à Ottawa et est conforme aux lignes directrices établies par la Commission. Le nouveau financement exigé pour le SPO en 2018 s'élève à 8,5 millions de dollars. L'augmentation de 2 % de la taxe de police combinée avec la croissance de 1,3 % de la base de calcul généreront le financement requis.

Le tableau 8 contient un sommaire des détails relatifs à l'exigence de financement de 8,5 millions de dollars. Une version plus complète est intégrée à l'annexe A-1. Les changements sont classés selon les exigences en matière de rapports sur le budget de la Ville d'Ottawa, lesquelles sont indiquées ci-dessous et expliquées dans les sections qui suivent.

1. Maintien des services – veiller à la prestation continue de services de police de qualité
2. Croissance – expansion des services de police pour appuyer la croissance de la population de la ville
3. Nouveaux services – nouvelles exigences opérationnelles
4. Efficience – gains d'efficience réalisés grâce à l'amélioration de la productivité, aux investissements technologiques, à la rationalisation des biens et à l'approvisionnement efficace
5. Droits d'utilisation et revenus – ajustement des droits d'utilisation (taux)

**Tableau 8**  
**Project de budget de fonctionnement pour 2018**  
**(en millions de dollars)**

<b>Catégorie</b>	<b>Augmentation budgétaire</b>
1. Maintien des services	5,5 \$
2. Croissance	2,6 \$
3. Nouveaux services	0,9 \$
4. Efficience	(0,6 \$)
5. Droits d'utilisation et revenus	0,1 \$
<b>Exigence supplémentaire</b>	<b>8,5 \$</b>
<b>Majoration de la taxe de police</b>	<b>2,0 %</b>

**Catégorie 1 : Maintien des services – augmentation de 5,5 millions de dollars**

Rémunération nette	10,2 millions de dollars
Éléments non liés à la rémunération	(4,7) millions de dollars
Maintien des services	<u>5,5 millions de dollars</u>

Le maintien des niveaux de service existants crée une exigence budgétaire supplémentaire de 5,5 millions de dollars pour 2018. Cette catégorie représente habituellement la majorité (65% en 2018) du total de l'exigence de financement supplémentaire.

*Augmentations de la rémunération et suppléments – augmentation de 10,2 millions de dollars*

Les coûts de dotation représentent 82 % du budget de fonctionnement brut du Service de police d'Ottawa; l'élément de la rémunération constituant le plus important coût chaque année.

Le budget de rémunération de 2018 appuie l'effectif approuvé pour le SPO, soit 2 007,6 équivalents temps plein (ETP) : 1 399 agents assermentés et 608,6 membres civils (y compris les agents spéciaux et les employés occasionnels). L'effectif assermenté tient compte de l'ajout des 25 postes d'agents prévus dans le plan de dotation. Le coût des 25 nouveaux postes d'agents est inclus dans la catégorie croissance. Le nombre d'ETP attribuable aux membres civils demeure le même par rapport à 2017.

Les niveaux de dotation sont représentés par section et par période dans les annexes A-2, A-3.0, A-3.1 et A-3.2.

Un total de 10,2 millions de dollars a été ajouté au budget de rémunération pour tenir compte de tous les changements attendus en 2018. Sur les 10,2 millions de dollars, 6,7 millions de dollars ont servi : à la progression des membres dans l'échelle salariale, à la qualification des membres à divers niveaux de rémunération selon les responsabilités et à l'augmentation salariale négociée de 1 % le 1<sup>er</sup> janvier et de 0,79 % le 1<sup>er</sup> juillet.

La rémunération est augmentée de 2 millions de dollars supplémentaires pour combler le déficit budgétaire découlant des heures supplémentaires. En se fondant sur les données des deux années précédentes et sur l'expérience de l'année en cours, un montant de 3 millions de dollars en dépenses d'heures supplémentaires est prévu en 2017. Le budget de 2018 prévoit 2 millions de dollars de plus pour le financement des heures supplémentaires et repose sur des changements additionnels visant à réduire les dépenses en heures supplémentaires, notamment :

- La gestion des heures supplémentaires de la Direction et des plans de retenue
- Les rapports à jour et analyse des dépenses en heures supplémentaires
- L'incidence des 75 postes ajoutés au Service entre 2016 et 2018.

Finalement, la rémunération est rajustée à la hausse d'un montant de 1,5 million de dollars en raison des pressions découlant des réclamations de la Commission de la sécurité professionnelle et de l'assurance contre les accidents du travail (CSPAAT) (1,1 million de dollars) et de l'assurance invalidité de longue durée (0,4 million de dollars). L'augmentation importante du budget de la CSPAAT découle de la récente loi qui prévoyait l'admissibilité présumée des blessures causées par le trouble de stress post-traumatique (TSPT) chez les premiers répondants.

#### Matériel, fournitures et services – diminution de 0,2 million de dollars

Les pressions inflationnistes et le plan de remplacement du naloxone ont créé des pressions budgétaires pour un total de 0,5 million de dollars. Il y a eu les pressions inflationnistes liées à nos contrats de maintenance de logiciels et de matériel informatique, et des augmentations liées aux programmes de formation ainsi qu'aux coûts d'entretien des installations et du parc automobile.

L'annexe A-4 présente une liste complète et détaillée des pressions inflationnistes.

Une augmentation de 0,5 million de dollars au budget pour les règlements d'assurance et les réclamations est également incluse dans le budget de 2018. Au cours des cinq dernières années, en raison des dépenses liées aux règlements et aux réclamations, une somme moyenne d'environ 0,5 million de dollars est venue s'ajouter à notre budget actuel, et le prochain budget comblera cet écart.

Des économies de 1,2 million de dollars ont également été réalisées en raison de l'élimination progressive de l'Initiative d'amélioration des services. Ce programme se terminera au premier trimestre de 2018, et nos efforts d'amélioration continue se poursuivront tout au long du lancement de la Carte routière de la modernisation.

La réaffectation de 1,5 million de dollars du budget de base actuel a permis au Service de soutenir toute une gamme de nouvelles initiatives pour 2018, notamment : l'expansion de l'utilisation des pistolets électriques, les besoins de formation et d'équipement découlant de la légalisation anticipée du cannabis, le Plan d'action pluriannuel pour une police impartiale (PAPPI) et le financement de l'Initiative d'amélioration des services afin d'achever le transfert du programme aux opérations d'ici la fin du premier trimestre de 2018. L'annexe A-5 présente la liste complète des affectations pour 2018.

**Financement pour le Plan stratégique des installations – diminution de 3,9 million de dollars**

Pour que le SPO atteigne une augmentation de 2 % du taux de taxe, il a fallu revoir l'approche de financement du Plan stratégique des installations. Cet examen visait principalement à augmenter le montant de la dette utilisé dans le plan et à réduire les soldes reportés d'un exercice à l'autre pour ce qui est du Fonds de réserve pour la planification stratégique des installations. Le résultat a été une réduction de 3,9 millions de dollars pour ce qui est de la contribution à l'utilisation prévue dans le Plan stratégique des installations (PSI). Le calendrier et les fonds affectés pour les projets sont demeurés les mêmes.

**Revenus – Prise en charge des coûts liés au tribunal – augmentation de 0,6 million de dollars**

Conformément à l'entente de prise en charge des coûts du tribunal conclue avec le gouvernement provincial, celui-ci a commencé à verser des revenus au SPO en 2012 pour compenser une partie des coûts liés à la sécurité au tribunal. La somme de 4,2 millions de dollars sera versée en 2018. Il s'agit de la dernière année de l'augmentation de 0,6 million de dollars des recettes provinciales relatives à la prise en charge des coûts liés au tribunal. Historiquement, ces revenus ont été utilisés pour compenser directement l'augmentation de la contribution à l'utilisation du Fonds de réserve pour la planification stratégique des installations, mais cette augmentation a été utilisée pour aider à compenser l'augmentation du budget de 2 %.

**Catégorie 2 : Croissance : 25 agents – augmentation de 2,6 millions de dollars**

La charge de travail et les demandes de service sont des enjeux de plus en plus préoccupants pour le SPO. En 2016, le Service a mis en place un plan triennal visant à ajouter 25 postes d'agents assermentés par année, pour un total de 75 agents. En guise de complément au plan, 25 postes d'agents assermentés seront également cernés à l'interne dans le cadre d'initiatives d'augmentation de l'efficience, et affectés à des sections où la demande est forte, ce qui portera le plan de dotation à 100 postes, comme l'illustre le tableau 3.

Les agents seront intégrés à l'effectif de façon graduelle en 2018. En effet, 12 agents seront embauchés en avril et 13, en septembre. Cette augmentation de l'effectif coûtera 1,5 million de dollars en 2018. Ce montant comprend les coûts de rémunération de 1,0 million de dollars et les coûts non liés à la rémunération de 0,5 million de dollars

couvrant l'équipement, la formation, le coût d'exploitation des véhicules et la contribution au capital d'achat de véhicules. Les 25 agents supplémentaires embauchés en 2017 créeront une pression budgétaire de 1,1 million de dollars attribuable aux coûts de rémunération dans le cadre de leur première année complète d'embauche qui arrivera à terme en 2018.

Les annexes A-9.0 et A-9.1 présentent la stratégie de dotation pour le personnel assermenté et civil pour la période 2016-2018.

### **Catégorie 3 : Nouveaux services – augmentation de 0,9 million de dollars**

#### **Carte routière de la modernisation (anciennement GI/TI) – augmentation de 0,9 million de dollars**

La Carte routière de la modernisation est une entreprise de transformation qui traitera des sujets suivants : pressions budgétaires, demandes de service, menaces criminelles actuelles et nouvelles, changements liés aux attentes des citoyens en matière de service et déluge de données à prévoir. Nouveauté et innovation en ce qui a trait à la plateforme technologique et à l'approche de gestion de l'information seront nécessaires à la réussite de cette transformation.

Le premier rôle d'entrepreneur pour la Carte routière de la modernisation a été accordé à PricewaterhouseCoopers en février 2017. La compagnie a réalisé son lancement initial et son travail d'évaluation et commence à travailler sur son premier lot de résultats attendus. Le financement et le plan de travail pour ce premier lot ont été soumis et approuvés par la Commission à sa réunion de juin 2017. Les incidences du budget de fonctionnement de 2018 pour la Carte routière devraient selon les estimations être de un million de dollars.

### **Catégorie 4 : Gains d'efficience/revenus - augmentation de 0,6 million de dollars**

Les gains d'efficacité de 0,6 million de dollars en 2018 sont réalisés par une augmentation du budget des revenus pour les quittances vendues. Une nouvelle structure des tarifs est présentée à la Commission pour approbation afin de mieux refléter les coûts de la prestation du service.

L'objectif de 2018 en matière de gains d'efficience est la suite de plusieurs années d'économies importantes. Au cours des sept dernières années, le SPO a réalisé plus de 13,4 millions de dollars de gains d'efficience grâce à des réductions budgétaires et à de nouvelles occasions de revenus.

Un sommaire des gains d'efficience pour la période figure à l'annexe A-6.

### **Catégorie 5 : Droits d'utilisation et revenus – diminution de 0,1 million de dollars**

L'ébauche du budget de 2018 inclut des diminutions des frais d'utilisateurs et des revenus atteignant 0,1 million de dollars surtout en raison d'un ajustement à la baisse des revenus de la vente des rapports de collision des véhicules automobiles. Tous les autres droits d'utilisation augmentent de 2 %.

L'objectif de la politique sur les droits d'utilisation de 2007 de la Commission est de garantir que l'ensemble des revenus tirés des droits d'utilisation augmente au même rythme que les coûts. Cette politique exige une analyse et un examen annuel des droits d'utilisation. Pour 2018, les droits d'utilisation et les autres revenus/recouvrements augmentent en moyenne de 2,0%, ce qui correspond à une augmentation totale des revenus de 0,15 million de dollars. Une liste de la portion de 2018 des droits d'utilisation figure à l'annexe A-7.

La budget des revenus pour les centres de rapport de collisions (CRC) est réduit de 0,2 million de dollars. C'est la deuxième réduction de 0,2 million de dollars pour un plan de cinq ans qui harmonisera le budget avec ce qui est réalisé annuellement.

Les revenus et recouvrements entrés au budget provisoire de 2018 et les comparaisons avec l'année précédente sont résumés à l'annexe A-8.

#### Prévisions du budget de fonctionnement provisoires pour 2019 à 2021

Les prévisions du budget de fonctionnement pour la période de 2019 à 2021 reposent sur un plan de dotation révisé visant à augmenter l'effectif d'agents assermentés de 30 postes par année. L'objectif de gain d'efficience de 2 millions de dollars a été enlevé des prévisions puisque l'organisme vise maintenant à mettre en oeuvre la Carte routière de la modernisation. Les gains d'efficience demeurent une visée majeure de l'organisme et forment un volet important de la Carte routière de la modernisation. Les gains d'efficience engendrés seront nécessaires pour compenser les nouveaux coûts d'exploitation découlant des nouvelles technologies. Une fois tous les facteurs pris en compte, la prévision du taux de taxe pour cette période se situe entre 3,5% et 4,1% chaque année ou environ 14 millions de dollars, comme il est indiqué dans le tableau 9.

**Tableau 9**  
**Prévisions opérationnelles provisoires pour 2019 à 2021**  
**(en millions de dollars)**

<b>Exigence supplémentaire</b>	<b>2019</b>	<b>2020</b>	<b>2021</b>
Maintien des services	9,6 \$	10,9 \$	10,4 \$
Croissance	3,2 \$	3,3 \$	3,4 \$
Nouveaux services	1,3 \$	0,5 \$	0,2 \$
Droits d'utilisation et revenus	0,1 \$	0,1 \$	0,1 \$
<b>Exigence supplémentaire</b>	<b>14,2 \$</b>	<b>14,8 \$</b>	<b>14,1 \$</b>
 <b>Majoration de la taxe de police</b>	 <b>4,1%</b>	 <b>4,0%</b>	 <b>3,5%</b>

## **2019**

L'exigence budgétaire supplémentaire pour 2019 est de 14,2 millions de dollars, ou une augmentation du taux de taxe de 4,1% selon les estimations, les hypothèses et les pressions connues :

- Un ajustement en fonction du coût de la vie de 1 % au 1<sup>er</sup> janvier et un autre de 0,99 le 1<sup>er</sup> juillet.
- Le coût de l'avancement de nouveaux agents assermentés jusqu'aux constables de 1re classe.
- Des estimations de 0,3 million de dollars pour l'augmentation des demandes à la CSPAAT.
- Une somme estimée à 0,5 million de dollars liée au programme de bonification du Régime de pensions du Canada (RPC), qui prévoit notamment une augmentation de taux et un rajustement du revenu maximal pour l'admissibilité au RPC.
- La somme de 0,6 million de dollars pour le maintien des services et des fournitures
- Une augmentation de 0,3 million de dollars de la contribution au Fonds de réserve pour la planification stratégique des installations
- Une croissance planifiée de l'effectif de 30 ETP assermentés (embauche en avril et en septembre)
- Un total de 1.3 millions de dollars pour les nouveaux services (Carte routière de la modernisation)
- Une diminution nette des droits d'utilisation perçus en raison d'un ajustement à la baisse de 0,2 million de dollars des revenus du centre de rapport des collisions
- Une croissance de la base de calcul de 1,3 %

## **2020**

L'exigence budgétaire supplémentaire pour 2020 est de 14,8 millions de dollars, ou une augmentation du taux de taxe de 4,0 % selon les estimations et hypothèses suivantes :

- Un fonds de fonctionnement raisonnable pour les règlements salariaux
- Le coût de l'avancement de nouveaux agents assermentés jusqu'aux constables de 1re classe.
- Des estimations de 0,3 million de dollars pour l'augmentation des demandes à la CSPAAT.
- Une somme estimée à 0,9 million de dollars liée au programme de bonification du RPC, qui prévoit notamment une augmentation de taux et un rajustement du revenu maximal pour l'admissibilité au RPC.
- La somme de 0,6 million de dollars pour le maintien des services et des fournitures
- Une augmentation de 0,4 million de dollars de la contribution au Fonds de réserve pour la planification stratégique des installations

- Une croissance planifiée de l'effectif de 30 ETP assermentés (embauche en avril et en septembre)
- Un total de 0,5 millions de dollars pour les nouveaux services (Carte routière de la modernisation)
- Une diminution nette des droits d'utilisation perçus en raison d'un ajustement à la baisse de 0,2 million de dollars des revenus du centre de rapport des collisions
- Une croissance de la base de calcul de 1,3 %

## **2021**

L'exigence budgétaire supplémentaire pour 2021 est de 14,1 millions de dollars, ou une augmentation du taux de taxe de 3,5% selon les estimations et hypothèses suivantes :

- Un fonds de fonctionnement raisonnable pour les règlements salariaux
- Le coût de l'avancement de nouveaux agents assermentés jusqu'aux constables de 1re classe.
- Une estimation de 0,4 million de dollars liée à l'augmentation des demandes de prestations à la CSPAAT
- La somme de 0,7 million de dollars pour le maintien des services et des fournitures
- Une augmentation de 0,4 million de dollars de la contribution au Fonds de réserve pour la planification stratégique des installations
- Une croissance planifiée de l'effectif de 30 ETP assermentés (embauche en avril et en septembre)
- Un total de 0,2 millions de dollars pour les nouveaux services (Carte routière de la modernisation)
- Une diminution nette des droits d'utilisation perçus en raison d'un ajustement à la baisse de 0,2 million de dollars des revenus du centre de rapport des collisions
- Une croissance de la base de calcul de 1,3 %

### Projet de budget d'immobilisations pour 2018

La Commission de services policiers d'Ottawa vise à fournir une enveloppe de financement des immobilisations suffisante pour que les biens tels que le parc automobile, les installations et le matériel de technologie de l'information soient remplacés au besoin. Pour 2018, la Commission considérera une demande de budget d'immobilisations de 65,7 millions de dollars. Ces projets seront principalement financés par emprunt. Le tableau 10 ci-après fournit un sommaire.

Le budget d'immobilisations est réparti en trois catégories en 2018 : le renouvellement des biens, la croissance et les initiatives stratégiques. Des projets d'une valeur totale de 5,6 millions de dollars sont axés sur le renouvellement des biens du SPO, dont les suivants :

- Parc automobile – 3,2 millions de dollars
- Cycle de vie des installations – 1,8 million de dollars
- Infrastructure de technologie de l'information – 0,6 million de dollars

Dans la catégorie de la croissance, le montant demandé s'élève à 44,7 millions de dollars et sera entièrement financé par emprunt. Cette demande vise la phase 1 du nouveau complexe policier de la Division Sud qui se trouve à l'angle de la promenade Prince of Wales et du chemin Lodge, à Ottawa-Sud.

La catégorie des initiatives stratégiques nécessite des fonds de 15,4 millions de dollars et est composée principalement du projet de la carte routière de la modernisation et du plan de travail relatif aux installations. Des descriptions de tous les projets d'immobilisations de 2018 sont fournies à l'annexe B-3.

Un rapport sur les projets d'immobilisations en cours figure à l'annexe B-1. Il résume l'état de tous les projets d'immobilisations actuels du SPO. On a examiné ces projets au cours de la préparation du budget d'immobilisations pour s'assurer que leurs objectifs étaient en voie d'être atteints. Cet examen a permis de déterminer qu'il serait possible de réaffecter des fonds d'immobilisations existants de 0,9 million de dollars en 2018 pour aider à gérer diverses pressions opérationnelles.

**Tableau 10**  
**Budget d'immobilisations pour 2018**  
**(en millions de dollars)**

Projet d'immobilisations	Besoin total	Source de financement			
		À l'utilisation	Revenus	RA	Emprunt
<b>Renouvellement des biens</b>					
Programme du parc automobile	3,2	2,9	0,3		
Infrastructure de TI	0,6	0,6			
Cycle de vie des installations	1,8	1,8

## Prévisions en matière d'immobilisations sur dix ans

Les besoins d'immobilisations du SPO sur dix ans sont estimés à 285,6 millions de dollars. La répartition de cette somme varie entre 65,7 millions de dollars en 2018 (somme la plus élevée) et 12 millions de dollars en 2026 (somme la moins élevée). Le sommaire des besoins sur dix ans est présenté ci-après, au tableau 11. L'annexe B-2 fait état des prévisions par projet et par catégorie de besoin.

**Tableau 11**  
**Sommaire des besoins d'immobilisations sur dix ans du SPO – de 2018 à 2027**  
**(en millions de dollars)**

Catégorie	Besoin brut	Financement			
		À l'utilisation	Revenus	RA	Emprunt
Renouvellement des biens	75,1	72,2	2,9		
Croissance Initiatives stratégiques	92,5 118,0	15,0 59,6			77,5 58,4
Total	285,6	146,8	2,9	-	135,9
% du total		51 %	1 %	0 %	48 %

Les fonds d'immobilisations requis pour le renouvellement des biens, comprenant le remplacement des véhicules, le renouvellement du matériel de technologie de l'information (y compris les télécommunications) et le cycle de vie des installations, s'élèvent au total à 75,1 millions de dollars. Le financement de ces projets proviendra exclusivement de sources à l'utilisation ou des revenus tirés de la vente de biens.

Les projets de croissance (92,5 millions de dollars) comprennent des projets désignés pour le financement par redevances d'aménagement. Ces fonds seront principalement consacrés à un projet en particulier : le financement de la phase 1 du complexe de la Division Sud (44,7 millions de dollars en 2018). Les emprunts et les paiements à même les diverses réserves seront les sources de financement des projets de croissance.

Les initiatives stratégiques représentent 118 millions de dollars des prévisions en matière d'immobilisations. Le plus important projet de la période de dix ans a trait à la nouvelle installation centrale de patrouille, dont le coût budgétaire est de 44,4 millions de dollars. Le financement des projets liés aux installations de la dernière catégorie proviendra principalement de l'emprunt et du Fonds de réserve pour la planification stratégique des installations. Le financement de la carte routière de la modernisation proviendra du Fonds de réserve en capital général.

## État des fonds de réserve du SPO

Le SPO a trois fonds de réserve qui ont des rôles importants dans le financement des immobilisations. L'annexe B-4 comprend un calendrier de continuité pour chaque fonds de réserve. Voici un sommaire de l'état des fonds de réserve actuels :

### Fonds de réserve pour le remplacement des véhicules

Ce fonds finance le programme de remplacement des véhicules (environ de 3,2 millions à 4,5 millions de dollars annuellement). Un solde minimal est reporté d'un exercice à l'autre. La contribution annuelle augmente chaque année, ce qui permet de couvrir l'achat régulier de véhicules de remplacement pour les 25 nouveaux agents assermentés qui sont portés à l'effectif. L'écart de contribution s'explique par le remplacement d'un gros véhicule tel que le poste de commandement.

### Fonds de réserve pour la planification stratégique des installations

Ce fonds a été créé en 2012. Il sert à appuyer les initiatives décrites dans le Plan stratégique des installations du SPO. Antérieurement, la contribution était ajustée d'un montant équivalant au financement obtenu du gouvernement provincial à la suite de la prise en charge des coûts liés au tribunal. Pour 2018, le Fonds de réserve pour la planification stratégique des installations a été révisé en détail pour que le SPO puisse respecter la cible d'augmentation de 2 % de la taxe. Cette révision s'est traduite par la suppression de l'augmentation prévue de la contribution à l'utilisation de 0,9 million de dollars et par une autre réduction de 3,9 millions de dollars de l'actuelle base de contribution à l'utilisation.

Le SPO a été en mesure d'effectuer une telle réduction sans influer sur le calendrier des projets du Fonds de réserve pour la planification stratégique des installations en : 1) changeant la source de financement de *fonds à l'utilisation à emprunt* pour 20 millions de dollars de travaux liés à de nouvelles installations; 2) maintenant un solde de clôture inférieur dans le Fonds de réserve pour la planification stratégique des installations; 3) réaffectant des contributions à l'utilisation du Fonds de réserve en capital général de l'ordre de 5 millions de dollars à court terme.

Le solde du Fonds de réserve pour la planification stratégique des installations sera de 6,1 millions de dollars pour commencer 2018. Ce solde sera réduit à 1,6 million de dollars à la fin de 2018, soit son niveau le plus bas des quinze années de la période de prévision. Le solde de clôture de cette réserve fluctuera entre 9,9 millions de dollars et 2,4 millions de dollars durant cette période.

### Fonds de réserve en capital général du SPO

Ce fonds sert à financer le reste du plan des travaux d'immobilisations du SPO, y compris la carte routière de la modernisation. Le calendrier de continuité du fonds de réserve, qui affiche les contributions, les dépenses et le solde définitif, peut être

consulté à l'annexe B-4. Ce calendrier indique que tous les projets planifiés peuvent être financés.

Un solde de 0,6 million de dollars dans le Fonds de réserve en capital général sera à disposition à la fin de 2018. La continuité est axée sur les ajustements de contributions pour formation de capital pour la carte routière de la modernisation pendant la période de 2018 à 2021, comme en fait état l'annexe A-1. Le plan de remplacement des biens de TI mis en œuvre par l'entremise de la carte routière de la modernisation sera connu en 2019, et à ce point nous serons mieux placés pour traiter les exigences qui influeront sur le solde du Fonds de réserve en capital général dans les années ultérieures. De plus, nous effectuerons un transfert de l'ordre de 5 millions de dollars de la base de contribution à l'utilisation dans le Fonds de réserve pour la planification stratégique des installations à moyen terme afin de nous assurer que ses plans puissent être réalisés.

### **CONSULTATION**

Les estimations provisoires du fonctionnement et des immobilisations 2018 seront présentées et déposées à la Commission de services policiers et au conseil municipal le 8 novembre 2017.

La réunion du Comité des finances et de la vérification prévue le 20 novembre 2017 sera une autre occasion de consulter le public.

Enfin, une consultation publique aura lieu également le 27 novembre 2017 à 16 h au cours de la réunion ordinaire de la Commission de services policiers, à la salle Champlain de l'hôtel de ville. Ce jour-là, il y aura considération et examen officiels du budget de 2018, puis approbation de celui-ci.

Le conseil municipal examinera et approuvera les estimations provisoires pour 2018 le 13 décembre 2017.

### **RÉPERCUSSIONS FINANCIÈRES**

Les répercussions financières sont présentées à même le présent.

### **CONCLUSION**

Le Service de police d'Ottawa dépose un projet de budget de fonctionnement brut de 330 millions de dollars, lequel entraîne une augmentation de la taxe de police de 2 %. Le budget d'immobilisations proposé de 2018 est de l'ordre de 65,7 millions de dollars. L'approbation du budget permettra de veiller à ce que la Commission et le Service aient les fonds requis pour honorer le Plan stratégique et les priorités opérationnelles du chef en 2018.

*(Original signé par)*

Charles Bordeleau  
Chef de police

Notes :

\* Les taux pour le vérification du dossier de police seront examinés et ajustés in 2018 en ligne de vérification des antécédents.

\*\* La TVH s'applique aux tarifs

\*\*\* Le règlement connexe sera mis à jour pour prévoir que : lorsque le service de police doit se rendre dans un bâtiment, une construction ou des locaux à la suite d'une alarme qui s'avère une fausse alerte, des frais pour recouvrir certains coûts de services fournis, tels que fixés et approuvés au sein du présent budget annuel, seront imposés au détenteur inscrit du système responsable de la fausse alerte.

OTTAWA POLICE SERVICE

2018

Draft Budget

**2018 Capital Budget  
Project Details  
Annex B-3**

<b>Project: Fleet Program 2018</b>
<b>Project Number:</b> 909141
<b>Branch:</b> Ottawa Police Service
<b>Ward:</b> CW
<b>Category:</b> Renewal of Assets
<b>Year of Completion:</b> 2019

<b>2018 Project Request</b>	3,266
<b>Three Year Forecast</b>	11,108
<b>Previous Budget Authority</b>	0
<b>Total</b>	14,374

This project provides funding for the annual purchase plan for Ottawa Police vehicles and related equipment, including marked, unmarked, and specialty vehicles.

Fleet lifecycle replacement is an annual program based on experienced degradation of vehicle reliability, safety and value associated with increases in vehicle mileage, maintenance and repair costs. The parameters for replacement vary with vehicle type and service requirements. Front line marked cruisers and traffic vehicles are considered for replacement when vehicles have been in service for 3 years and/or 160,000 kilometres. Assessments of unmarked and utility vehicles are based upon using a longer-term lifecycle of 5 years. Certain specialty vehicles can be expected to remain in the fleet for up to 10 years or beyond, dependent upon their condition. OPS vehicles that have met the end of their useful lives are sent to public auction and the proceeds are used to supplement the vehicle replacement program.

The Fleet Program for 2018 includes \$250,000 set aside for the purchase of Police Package vehicles for the 25 new hires, as part of the Chief's staffing strategy.

In addition, the Ottawa Police Service will continue looking at their Fleet Acquisition Strategy with various stakeholders which will determine the best use of the remaining funds in this project. This strategy will address current and future staffing levels and the impact those levels will have fleet acquisition and deployment.

The Ottawa Police Service has made significant investments in information technology infrastructure to support police operations. The Ottawa Police Service is committed to the maintenance of these assets while investing in new technologies for new and innovative ways to expand and improve on the delivery of its services through the Modernization (formerly IM/IT) Roadmap.

The funding of \$574K in 2018 will be directed to replacing existing assets (servers, desktops, laptops etc.) that are due for replacement.

The Infrastructure Support program is reflective of the major emphasis on the new strategic Modernization Roadmap and its larger capital investment over the next six years.

**Branch: Ottawa Police Service**  
**Ward: CW**  
**Category: Renewal of Assets**  
**Year of Completion: 2019**

<b>2018 Project Request</b>	1,800
<b>Three Year Forecast</b>	6,420
<b>Previous Budget Authority</b>	0
<b>Total</b>	8,220

The Facility Lifecycle Project is designed to ensure that the City's owned facilities at 474 Elgin, 245 Greenbank Road, 2799 Swansea Crescent, 3343 St Joseph Blvd., 211 Huntmar, 2670 Queensview and 4561 Bank Street are properly maintained to standards established by the City of Ottawa.

Planned major projects for 2018 include :

- Elgin
  - Parking Garage Membrane & Concrete Repairs
  - Repairs to Podium Deck
  - VAV Valve Replacement
- Swansea
  - Roof Replacement

These expenditures represent a significant investment and are focused on maintaining or enhancing the useful life of the buildings.

**Project: South Facility**  
**Project Number: 903447**  
**Branch: Ottawa Police Service**  
**Ward: CW**  
**Category: Growth**  
**Year of Completion: 2021**

<b>2018 Project Request</b>	44,715
<b>Three Year Forecast</b>	0
<b>Previous Budget Authority</b>	30,300
<b>Total</b>	75,015

The need for a new South Facility was identified as part of the original 2013 Facility Strategic Plan. In 2017, the FSP (2017-2033) was updated and a campus plan approach was approved for the City owned property @ 55 Lodge Road. Phase 1 of campus development will include a 120,000 sq ft facility which will house Frontline Operations & Specialty Support Services. In addition, the project includes the construction of a 35,000 sq ft second floor shell space which will be fit up as part of the South Campus in Phase 2 for Corporate Services.

The total project cost for the design, construction, and fit-up costs (not including property costs) is estimated at \$75.015M. Funding of \$30.3M was provided in previous budget years (2007, 2010 & 2011). In 2018 additional funding of \$44.715M is being requested in 2018 to complete Phase 1.

**Year of Completion: 2018**

<b>2018 Project Request</b>	9,485
<b>Three Year Forecast</b>	11,865
<b>Previous Budget Authority</b>	0
<b>Total</b>	21,350

The Modernization (formerly IM/IT) Roadmap was developed as a result of mapping the IT gaps against the OPS Business Plan, taking into consideration, as well, the Chief's Priorities, the Service Initiative Program, Facilities Strategic Plan and Directorate Operational Plans. This initiative is designed to enable the goals and objectives, identified through business strategy, to be achieved and align IT tools with the business of policing.

Partial funding of the Modernization Roadmap has been achieved by redirecting funds from other IT capital projects.

The Modernization Roadmap consists of 9 categories, to be completed over a 6 year timeframe, and will form a greater part of the total capital with the 10 year capital forecast. The 9 categories include:

- Frontline Mobility
- Human Resources
- Enterprise Architecture
- Collaboration
- Enterprise Asset Management
- Evidence Based Decision Making
- Information Management
- Innovation
- Security

These 9 categories will deliver on 54 different projects over the lifespan of the Modernization Roadmap.

<b>Total</b>	4,367

The Elgin Refit 2014 project provides funding to refit and upgrade operational space, within OPS Headquarters @ 474 Elgin, as identified in the 2013 Facility Strategic Plan.

In 2017, additional police operational needs impacting space utilization at Elgin Station was identified as a result of the Service Initiatives program. A functional space review concluded space and operational efficiencies would be achieved by combining this work within the original Elgin Refit project.

The funding estimate to complete the required work is \$4.367M. In 2018 funding in the amount of \$2.3M is being requested to supplement the previously approved budget of \$2.067M.

<b>Total</b>	917

The 2013 Facilities Strategic Plan identified a shortfall of 7,000 square feet of administrative space at 161 Elgin St to meet operational needs of the Courts Section.

An assessment is required to determine functional needs and define a real estate solution to support the operational model.

The project is expected to start in 2018. Additional funding is required to cover project cost escalation due to project delays.

<b>Total</b>	5,760

The Swansea Refit project provides funding to refit and upgrade operational space at 2799 Swansea Crescent to meet the operational needs of the Service as identified in the 2013 Facilities Strategic Plan.

Budget has been provided in 2014 & 2015 to support the relocation of the OPS Quartermaster section from Leitrim and to build a storage solution for vehicles and equipment that are stored and deployed to geographic locations on a seasonal basis, as required.

In 2018, funding is required to allow for the addition of a Fleet Services building expansion to increase operational efficiencies.
