Transportation Services

Montreal-Blair Road Transit Priority Corridor Environmental Assessment
Study - Recommendations

ACS2021-TSD-PLN-0005

Rideau-Rockcliffe (13),
Beacon Hill-Cyrville (11), Innes (2)

Report Recommendations

That the Transportation Committee recommend that Council:

- 1. Approve the functional design for the Montreal-Blair Road Transit Priority Corridor Environmental Assessment Study, as described in this report; and**
- 2. Direct Transportation Planning staff to finalize the Environmental Study Report and proceed with its posting for the 30-day public review period in accordance with the Ontario Municipal Class Environmental Assessment process.**

The Committee received a detailed slide presentation from Katarina Cvetkovic, Senior Project Manager, Transportation Services. A copy of which is held on file with the Office of the City Clerk. The following were also present and responded to questions:

- Vivi Chi, Director, Transportation Planning, Transportation Services
- Robin Souchen, Manager, Realty Services, Planning, Infrastructure and Economic Development
- Paul Croft, Parsons

- Ron Clarke, Parsons

The Committee heard from one delegation:

Chris Greenshields, Vanier Community Association (VCA), thanked staff for their engagement concerning the Montreal Road Revitalization project. He expressed disappointment with the lack of ambition reflected in the study's recommendations as it relates to public transit, as well, noted the report failed to reflect the recommendations of the urban design review panel. The VCA urges the committee and council to be more aggressive in advancing transportation planning in favour of public transit and active transportation for this area.

Following questions to staff, the Committee CARRIED on a division of 10 yeas and 1 nays, as follows:

YEAS (10): Councillors M. Luloff, L. Dudas, E. El-Chantiry, D. Deans,
S. Menard, C. Kitts, G. Darouze, A. Hubley, J. Leiper,
T. Tierney

NAYS (1): M. Fleury
