Innovative Client Services Department 2022 Service Area Summary - Information Technology (IT) Service Area

Information Technology (IT) Services partners with the City's many different lines of business to provide innovative and cost-effective technology solutions to support the delivery of municipal services to Ottawa residents. IT Services strives to deliver digital leadership by proactively supporting client groups to achieve their business priorities through innovative technology, while considering all legal, cyber security, statutory and record-keeping obligations.

IT Services Core Operations

- Support the corporation by ensuring that information technologies are secure, highly available and perform at their peak for all departments.
- Provide 24/7 frontline support for day-to-day technologies and city-wide projects and initiatives that contribute to the future of work and innovation.
- Replace legacy systems with powerful platforms and continuing to modernize the IT skills portfolio and service delivery model.
- Ensure the protection of people, services & data against harm by way of theft, unauthorized use, disclosure, modification, damage and/or loss to the City's digital infrastructure
- Continue to adapt to the next wave of technology, talent, and tactics for all services and programs, using emerging technology and behaviour-driven designs

IT Services COVID-19 Support:

- Solutions: Self-assessment tool, online booking tool and contact tracing tools
- Digital: Virtual Council/Committee meetings, public consultations, and Ottawa Public Health media availabilities
- Connectivity: Design and connectivity setup for COVID testing and vaccination sites
- Support: Provide 24/7 IT Support, working from home support and Ottawa Public Health Live Agent support
